FBI Data Shows Ohio Crime Rate Rising Sharply

COLUMBUS, Ohio (AP)—The FBI Uniform Crime Report for the first nine months of 1968 shows Ohio metropolitan area crime rates still climbing above the marks set at this time last year.

Some crimes, in particular, such as forcible rape, were far higher in many areas than they were in the same reporting period of 1967.

Nationally, the FBI said violent crimes as a group increased 21 per cent.

The crime figures for Ohio's

eight metropolitan areas, with the 1967 figure in parentheses, as listed in the report are:

Murder, non-negligent manslaughter—Akron (15) 13; Canton (6) 8; Cincinnati (49) 33; Cleveland (109) 131; Columbus (25) 34; Dayton (41) 44; Toledo (20) 16; Youngstown (15) 7.

Forcible rape Akron (32) 74; Canton (10) 7; Cincinnati (80) 109; Cleveland (103) 110; Columbus (87) 111; Dayton (60) 81; Toledo (66) 73; Youngstown (9) 15.

Robbery — Akron (423) 497; Canton (868) 132; Cincinnati (438) 626; Cleveland (2,534) 2,319; Columbus (575) 841; Dayton (548) 689; Toledo (737) 819; Youngstown (204) 207.

Aggravated assault — Akron (189) 302; Canton (64) 78; Cincinnati (602) 595; Cleveland (1,002) 885; Columbus (421) 554; Dayton (458) 503; Toledo (299) 322; Youngstown (161) 142.

Report Quiet Across Brazil

RIO DE JANEIRO (AP) — Brazilians streamed to their jobs and other pursuits in normal fashion today after a week-end crackdown by President Arthur da Costa e Silva on the opposition in his regime and its military backers.

Regularly scheduled morning newspapers were on the stands but all lacked editorial comment on a weekend political upheaval in which 200 persons were reported arrested.

Available information indicated there were no incidents in any part of the nation, South America's largest and potentially its richest.

Rhodes Names Paul W. Brown Atty. General

Ohio Justice Succeeds Saxbe In High Post

COLUMBUS, Ohio (AP) — Gov. James A. Rhodes announced the appointment today of Ohio Supreme Court Justice Paul W. Brown to the attorney general's post being vacated by U.S. Sen.-elect William B. Saxbe.

The appointment of the 53-year-old Brown will become effective immediately upon the resignation of Saxbe, Rhodes said.

Brown has been on the Supreme Court since 1964, when he was elected to an unexpired term of two years. He was re-elected to a full six-year term in 1966.

Rhodes will appoint a successor to Brown on the court when Brown moves into the attorney general's post.

"Justice Brown did not seek this appointment but agreed to accept it and the great responsibility that goes with it," Rhodes said in a statement announcing the appointment.

"I am confident that he will serve the state well in this new post, just as he has served it well in the past in other positions," the governor added.

Brown, a native of Cleveland, was on the state's 7th District Court of Appeals at Youngstown before his election to the Supreme Court.

He received a bachelor's degree from Ohio State University and after receiving his law degree at OSU in 1939 he joined the law firm of Falls, Hazel and Kerr in Youngstown.

During World War II Brown served with the Army as an officer and earned the Purple Heart and Silver Star. He was wounded and captured by the Germans in Africa but later escaped in Italy and fought with Italian partisans for eight months until rejoining American forces.

Brown and his wife, Helen, have seven children and live in suburban Upper Arlington.

Jury Acquits Mark Hodges In Shooting

BOWLING GREEN, Ohio (AP)—Mark D. Hodges, acquitted in London Saturday of a shooting charge, has been transferred to the Wood County jail here to await trial for murder.

Deputies brought Hodges, 27, here from Madison County shortly after a jury of five men and seven women found him innocent of shooting with intent to kill Denise Fortner in Henry County in August 1967.

Hodges' first trial in Henry County ended in a hung jury and he was granted a change of venue for a second trial in London.

Hodges now faces trial on a first-degree murder charge in connection with the October 1967 slaying of Karen Kern, niece of State Sen. Frank King of Toledo.

Miss Kern's nude body, shot seven times and stabbed three times, was found Oct. 30, 1967, in a ditch along a road in Wood County.

The 20-year-old Sylvania girl, an elementary school secretary, had been reported missing Oct. 29 when she disappeared en route home from Charleston, Ill., where she was visiting friends.

Hodges was arrested Nov. 3 after authorities said ballistics tests showed that a gun owned by Hodges was used in both the Kern slaying and the Fortner wounding.

Flu Outbreak Takes High Toll

By THE ASSOCIATED PRESS

Hong Kong flu has caused three more universities to begin Christmas holidays early but several others tentatively scheduled reopenings this week. Among the victims of the illness is Richard Cardinal Cushing, archbishop of Boston.

In many hospitals, visiting privileges have been canceled or drastically restricted to avoid further spread of the malady.

Classes at George Washington University were ordered suspended today as about 50 per cent of the school's 2,500 undergraduates were reported ill. The holiday at the Washington, D.C. school had been scheduled to end Friday.

Four Virginia colleges, which normally would have closed last

er this week, shut down last Wednesday and Thursday. Starting today, three central Virginia hospitals began discouraging visitors to protect patients from the flu.

Central Michigan University canceled all classes until Jan. 6, while Northern Michigan University also closed a week early because of "flu-like" illnesses.

Two Maryland schools, closed last week, planned to resume classes this week in view of no significant outbreaks over the weekend.

In Cleveland, Ohio, three Catholic schools closed last week will open today.

In Wisconsin, health authorities said blood tests showed Type A incidence of the flu up as much as 17 per cent in some

localities compared to 3 per cent in November. In Milwaukee, about 10 per cent of the schools' teachers were absent last week, while more than 20 Milwaukee-area hospitals cut down drastically on the number of visitors.

In San Francisco, the virus reportedly made little impact on the general populace, but the police department said 300 of its men were ill, mostly with the flu. The department said it did not know if it was the Hong Kong variety.

In Pittsburgh, hospitals reported an upsurge in flu-like illnesses but pinpointed only five cases as being of the Hong Kong variety. To guard against any possible general outbreak, six

hospitals restricted visiting privileges.

Cleveland hospitals reported that their staffs have been hit hard by illness, while absenteeism among police and firemen because of illness was at least three times the normal level.

Dr. E. Frank Ellis, Cleveland health director, said the worst may yet come. He caught the flu Thursday.

New York City Health Commissioner Edward O'Rourke predicted Sunday that the Hong Kong epidemic would strike one out of every five New Yorkers and that the disease would cause 300 to 400 deaths, particularly among chronic sufferers from heart and lung disease.

He estimated the flu outbreak would last another two months.

Miami Reports 34 Degrees During Night

By THE ASSOCIATED PRESS

Temperatures plunged to freezing as far south as Florida today as Arctic air poured behind a storm center which dumped up to a foot of snow in some areas of the Northeast.

Miami recorded a 34-degree temperature reading early this morning—the coldest for any day in December since 1940. Patches of frost occurred inland from the Miami area northward through Florida. Atlanta reported an overnight reading of 21.

Heavy snow warnings and hazardous driving conditions remained in Vermont, New Hampshire and Maine as the storm center edged northward along the Maine coast.

Another storm moved down from the Pacific Northwest and brought rains, high winds and snow in higher elevations from Washington and Idaho south to California.

Winds up to 60 miles an hour tore through the San Francisco Bay area Sunday and ripped a section of roof from a motel. No one was injured but rains drenched sleeping patrons and owners estimated damage at \$100,000.

The storm in the Northeast Sunday blanketed New York City with 3 inches of snow—the city's first measurable snow fall of the season—and closed Kennedy Airport for nearly seven hours.

A blanket of snow spread across Long Island and a 6-year-old boy and his sister, 4, fell through the snow-covered ice of a neighbor's swimming pool and drowned in four feet of water at Syosset, N.Y.

Heavy snow fell in upper New York State and the Albany area had up to 8 inches on the ground.

Fair skies and cold temperatures prevailed over the nation's midsection.

Nixon Urged To Beef Up Crime Fight

NEW YORK (AP) — The House Republican Task Force on Crime has advised President-elect Nixon to double the number of Justice Department lawyers assigned to fighting organized crime, the New York Times reported today.

In a Washington dispatch by Fred P. Graham, the newspaper said Nixon's main congressional advisers on crime also urged him to use electronic eavesdropping "on an extremely selective and carefully controlled basis."

The task force submitted its recommendations in a 9,000-word report about 10 days ago, the Times said.

The report recommended: —Increasing the number of lawyers in the Justice Department's Organized Crime Division from about 60 to at least 120 by June 30, 1970;

—Working out guidelines for using electronic surveillance against racketeers;

—Quickly replacing the U.S. attorneys in Brooklyn, Newark, Chicago, Detroit, Philadelphia, Las Vegas, Nev. and Columbus, Ohio;

—Expanding the Justice Department's antiracketeering "strike forces" initiated by Atty. Gen. Ramsey Clark, who was a prime Nixon target during the campaign;

—Promptly enacting new federal gambling laws to replace the gambling tax declared unconstitutional by the Supreme Court last spring.

Nixon, GOP Congressional Leaders To Map Strategy

WASHINGTON (AP) — President-elect Nixon, here to confer with Republican congressional

chiefs, announced today that J. Edgar Hoover has agreed to continue as FBI director and Richard Helms will remain on the job as director of the Central Intelligence Agency.

Shortly after Nixon's arrival here from New York for a visit of several hours, press spokesman Ronald L. Ziegler told newsmen Nixon had talked secretly and face to face with both Hoover and Helms in New York and had asked them to retain their posts. He said they had agreed to do so.

The two men apparently will stay on their jobs indefinitely.

In addition to meeting with GOP congressional leaders, Nixon plans a trip to Walter Reed Army Medical Center for his third postelection reunion with former President Dwight D. Eisenhower before returning to New York.

Aides said Nixon could hardly talk seriously about the policies and programs his administration will push since task forces studying major problem areas —and recommending programs

for the future—have yet to report to him.

The President-elect will begin receiving these reports this week.

While in the capital, Nixon also will announce he is retaining 73-year-old J. Edgar Hoover as director of the Federal Bureau of Investigation. By federal law, Hoover would have been forced to retire in 1964 at age 70 except for an exemption granted him by President Johnson.

Nixon will continue to honor the exemption.

It was not certain, however, that Hoover would remain at the helm of the FBI throughout the new president's term. Some sources said he was considering

retirement in the next few years.

The Nixon meeting with Republican leaders of Congress was a bit unusual in that one outsider was included among the conferees—Ray Riis, chairman of the GOP National Committee.

Once in office, presidents normally do not invite their party chairman to such sessions.

But at this preinaugural meeting it was apparent that Nixon and those meeting with him would have to give particular attention to partisan strategy in the coming congressional session, where Democrats will outnumber Republicans in both houses.

Fears Of Czech Outbreak Subside As Dubcek Stays

PRAGUE (AP) — Fears of a new political upheaval in Czechoslovakia subsided today with the news that the Communist party will keep Alexander Dubcek as its chief and will go ahead with a limited program of economic reforms.

The party central committee, which met last week, gave Dubcek, National Assembly Chairman Josef Smrkovsky and other progressives in the party leadership more time to amend party policy.

Workers and students met throughout the weekend preparing strikes and other protest actions if their more liberal favorites were deposed. But there was no mention of any leadership changes in the committee resolutions published today, and informed sources said there were none.

One resolution said, "The party takes the main line in the sphere of economic policy to be continuation of economic reforms which have been started."

But the resolution made clear that the economic program would be a delayed, weaker version of the plans made before the Soviet invasion Aug. 20.

It said the party would lay down a mandatory schedule for the reforms so that the central committee might discuss the document by mid-1969. In effect

this shelved action for some six months.

There was no mention of the earlier more ambitious plans for widespread use of profit motive incentives and free market regulation of prices by supply and demand. Instead it said only that some factories and some industries would be freed from some dictates of the central planners.

Ky Blasts Clifford Talk

PARIS (AP) — Nguyen Cao Ky said today it was wrong for Secretary of Defense Clark M. Clifford to suggest South Vietnam is holding up the Paris peace talks.

The South Vietnamese vice president, referring to remarks made by Clifford in Washington Sunday, told newsmen: "Ever since he came into office, Secretary Clifford has shown a gift for saying the wrong thing at the wrong time."

"We came here a week ago full of good will and prepared to sit down at any time."

He added the Saigon government does not expect the other side to surrender "but they cannot expect us to surrender either."

Public Voice In Road Planning Draws Fire

WASHINGTON (AP) — A proposal to give the public more voice in the location and design of federal highways has started a fight that could have a dramatic effect on the future of the nation's road building policies.

The proposal, which will be argued in Transportation Department hearings starting today, calls for more public hearings before final decisions are made.

Joining the Transportation Department, which made the proposal, in backing the plan are the Agriculture and Interior departments and the mayors

and congressmen from several of the nation's large metropolitan areas.

Listed against the plan are officials from several states, the roadbuilding industry and Massachusetts Gov. John Volpe, who will be secretary of transportation in the Nixon administration.

Volpe, who owns a construction company and ran the nation's road program under President Eisenhower, is not expected to testify in the hearings.

Department sources said Transportation Secretary Alan S. Boyd is determined to get the

policy through ahead of the coming Nixon administration. But they say that even if he does, the new administration could reverse it.

Advocates of the plan say the new approach is needed to keep highway officials from arbitrarily slicing through the cities and the countryside with massive roadways that break up neighborhoods and blight the landscape.

Opponents have charged that the move would involve highways in controversy that could lead to excessive delays. Some have said it could virtually par-

alyze plans for urban freeways.

A key requirement of the plan would require one public hearing before route decisions and a second before the design was approved.

The department said in announcing the proposal that "Currently, no more than one hearing is required on proposed new highway locations, which generally has taken place at an early stage of the highway planning sequence."

Urban freeways in particular have come under intense criticism recently in many cities, and many proposed urban seg-

ments of the Interstate highway system have been stymied.

Since it was proposed Oct. 23 the Department Transportation says the plan has drawn written comments from about 2,300 individuals or groups. A department spokesman said those for and against are about equally divided.

The proposal is the latest in a series by the department to minimize the impact of freeways on city residents. Boyd previously has led the way on use of teams of designers from many fields to cooperate in making freeways blend with their surroundings.

Seek Lost Plane In Puerto Rico

SAN JUAN, P.R. (AP) — A company of 140 U.S. Marines was flown into a rain forest near the Roosevelt Roads Naval Base in Puerto Rico to begin a ground search today for a missing twin-engine Air Force cargo plane with a crew of eight reservists.

The C119 Flying Boxcar from the 910th Tactical Air Lift Group at Youngstown, Ohio, took off from the naval base Saturday for Homestead Air Force Base in Florida. A Navy spokesman said the plane apparently developed radio and radar trouble and was returning to the naval base. He said it was last seen over a forest near the base.

Ten planes spent Sunday searching the eastern part of the island and offshore areas without success. The search of the rain forests in the El Yunque mountain range was hampered by low clouds and rain.

Advocates of the plan say the new approach is needed to keep highway officials from arbitrarily slicing through the cities and the countryside with massive roadways that break up neighborhoods and blight the landscape.

Opponents have charged that the move would involve highways in controversy that could lead to excessive delays. Some have said it could virtually par-

alyze plans for urban freeways.

A key requirement of the plan would require one public hearing before route decisions and a second before the design was approved.

The department said in announcing the proposal that "Currently, no more than one hearing is required on proposed new highway locations, which generally has taken place at an early stage of the highway planning sequence."

Urban freeways in particular have come under intense criticism recently in many cities, and many proposed urban seg-

retirement in the next few years.

The Nixon meeting with Republican leaders of Congress was a bit unusual in that one outsider was included among the conferees—Ray Bliss, chairman of the GOP National Committee.

Once in office, presidents normally do not invite their party chairman to such sessions. But at this preinaugural meeting it was apparent that Nixon and those meeting with him would have to give particular attention to partisan strategy in the coming congressional session, where Democrats will outnumber Republicans in both houses.

Fears Of Czech Outbreak Subside As Dubcek Stays

PRAGUE (AP) — Fears of a new political upheaval in Czechoslovakia subsided today with the news that the Communist party will keep Alexander Dubcek as its chief and will go ahead with a limited program of economic reforms.

The party central committee, which met last week, gave Dubcek, National Assembly Chairman Josef Smrkovsky and other progressives in the party leadership more time to amend party policy.

Workers and students met throughout the weekend preparing strikes and other protest actions if their more liberal favorites were deposed. But there was no mention of any leadership changes in the committee resolutions published today, and informed sources said there were none.

One resolution said, "The party takes the main line in the sphere of economic policy to be continuation of economic reforms which have been started."

But the resolution made clear that the economic program would be a delayed, weaker version of the plans made before the Soviet invasion Aug. 20.

It said the party would lay down a mandatory schedule for the reforms so that the central committee might discuss the document by mid-1969. In effect

this shelved action for some six months.

There was no mention of the earlier more ambitious plans for widespread use of profit motive incentives and free market regulation of prices by supply and demand. Instead it said only that some factories and some industries would be freed from some dictates of the central planners.

Ky Blasts Clifford Talk

PARIS (AP) — Nguyen Cao Ky said today it was wrong for Secretary of Defense Clark M. Clifford to suggest South Vietnam is holding up the Paris peace talks.

The South Vietnamese vice president, referring to remarks made by Clifford in Washington Sunday, told newsmen: "Ever since he came into office, Secretary Clifford has shown a gift for saying the wrong thing at the wrong time."

"We came here a week ago full of good will and prepared to sit down at any time."

He added the Saigon government does not expect the other side to surrender "but they cannot expect us to surrender either."

Public Voice In Road Planning Draws Fire

WASHINGTON (AP) — A proposal to give the public more voice in the location and design of federal highways has started a fight that could have a dramatic effect on the future of the nation's road building policies.

The proposal, which will be argued in Transportation Department hearings starting today, calls for more public hearings before final decisions are made.

Joining the Transportation Department, which made the proposal, in backing the plan are the Agriculture and Interior departments and the mayors

and congressmen from several of the nation's large metropolitan areas.

Listed against the plan are officials from several states, the roadbuilding industry and Massachusetts Gov. John Volpe, who will be secretary of transportation in the Nixon administration.

Volpe, who owns a construction company and ran the nation's road program under President Eisenhower, is not expected to testify in the hearings.

Department sources said Transportation Secretary Alan S. Boyd is determined to get the

policy through ahead of the coming Nixon administration. But they say that even if he does, the new administration could reverse it.

Advocates of the plan say the new approach is needed to keep highway officials from arbitrarily slicing through the cities and the countryside with massive roadways that break up neighborhoods and blight the landscape.

Opponents have charged that the move would involve highways in controversy that could lead to excessive delays. Some have said it could virtually par-

alyze plans for urban freeways. A key requirement of the plan would require one public hearing before route decisions and a second before the design was approved.

The department said in announcing the proposal that "Currently, no more than one hearing is required on proposed new highway locations, which generally has taken place at an early stage of the highway planning sequence."

Urban freeways in particular have come under intense criticism recently in many cities, and many proposed urban seg-

ments of the Interstate highway system have been stymied. Since it was proposed Oct. 23 the Department Transportation says the plan has drawn written comments from about 2,300 individuals or groups. A department spokesman said those for and against are about equally divided.

The proposal is the latest in a series by the department to minimize the impact of freeways on city residents. Boyd previously has led the way on use of teams of designers from many fields to cooperate in making freeways blend with their surroundings.

Roundtown

ALTHOUGH winter does not officially begin until Dec. 21, a few residents shivered through the second spell of winter temperatures which sent the mercury to a low overnight reading of 9 degrees Sunday. The previous seasonal low was a cold 12 degrees on Dec. 8. A slight warming trend is indicated for the Roundtown area on Wednesday when thermometer struggles upward to a high 35. No winter white precipitation is forecast for the near future, just "brisk, invigorating air," to quote the weatherman.

PICKAWAY County schools have not been hit too hard by a flu epidemic, according to George D. McDowell, county superintendent.

McDowell said today that although there have been a number of absences and several teachers kept home by the flu-bug, it has not reached epidemic proportions yet.

"I just hope we can get through Friday without too much sickness," the county superintendent noted. Schools close for Christmas (Continued on Page 2)

Hanoi To Free U.S. Fliers; 7 North Vietnamese Freed

SAIGON (AP) — The United States today returned seven civilian seamen to North Vietnam, and Radio Moscow confirmed that Hanoi has announced it will release some American pilots at Christmas.

A U.S. spokesman said the release of the seven North Vietnamese was arranged in Vietnam, the Laotian capital. He said Hanoi's representatives had given no immediate indication that their government planned to release any of the hundreds of American fliers it has captured.

But a spokesman for Moscow Radio confirmed a broadcast by the Soviet radio Saturday which said: "Radio Hanoi stated today Dec. 14 that a group of American pilots who were taken into captivity when their planes were shot down over the territory of the Democratic Republic of Vietnam will be released at Christmas."

The U.S. Command in Saigon said the release of the North Vietnamese seamen was an "action of good will" which it hoped would "lead to further release of prisoners."

The men were released offshore about 13 miles northeast of Vinh, a coastal city 145 miles north of the demilitarized zone.

A spokesman said the U.S. and North Vietnamese diplomats in Vientiane who negotiated the release "gave assurances that the operation would be safe from military action." But no cease-fire was declared because President Johnson's order halting all aerial, naval and artillery bombardment of North Vietnam on Nov. 1 made that unnecessary, the spokesman explained.

North Vietnam has released a few American fliers captured after being shot down in combat, but not on the scale of U.S. releases.

North Vietnam had announced earlier arrangements would be made to forward Christmas packages from the United States to prisoners in the North. Meanwhile in South Vietnam, U.S. B52 bombers kept on pounding infiltration corridors north of Saigon, seeking to blunt the enemy winter offensive which some officials expect. But only light, scattered ground fighting was reported.

Leslie Brucker Given Awards Posthumously

The Distinguished Service Cross, the nation's second highest award for heroism, and two awards of the Bronze Star, have been presented posthumously to the mother of Staff Sgt. Leslie L. Brucker, Jr.

Mrs. Kathryn Brucker, 309 Franklin St., accepted the medals in a brief ceremony in her home Thursday. 1st Lt. Churchill P. Lea, Jr., Adjutant, Columbus U.S. Army Advisor Group (USAR), made the presentations.

Sgt. Brucker was assigned to the 5th Special Forces Group (Airborne), 1st Special Forces.

The Distinguished Service Cross was presented to Sgt. Brucker for heroic actions in the Republic of Vietnam on Aug. 25, 1968. While serving as a medic and platoon leader, Sgt. Brucker saw his company commander and a fellow medic hit by enemy fire.

Disregarding his own safety, he carried his wounded commander out of the line of enemy fire, and then returned to help the injured medic. As he prepared to carry the medic to cover, Sgt. Brucker was mortally wounded.

The Bronze Star for heroism was earned on Aug. 12, 1968 while the award of the Bronze Star for meritorious service was for the period May 18 to Aug. 25, 1968.

**Beatles Lawyer
Found Hanged**

HOVE, England (AP) — David Jacobs, lawyer for the Beatles and a number of other stars, was found hanged in the garage at his seafaring mansion Sunday, police reported. An inquest was ordered.

The body was discovered by a servant. Friends said Jacobs had appeared to be under a strain for some weeks.

It was the second time death had come close to the Beatles in recent years. Brian Epstein, their manager and another client of Jacobs, died in August 1967 of an accidental overdose of sleeping pills.

Deadline Extended For Area Dumps

Judge William Ammer of the Pickaway County Court of Common Pleas has indicated he will extend the deadline for closing two area dumps until Jan. 1.

It marks the third time he has extended the deadline. The dump operated by Larry Metz on the Dr. J. N. Bowers farm must be closed eventually because of its Scioto River flood plain location.

The dump operated by William Barthelmas in Wayne Twp. can be licensed if the plans for its operation meet state specifications. Barthelmas has submitted plans to the State Department of Health but no approval has been given yet.

Pickaway County Commissioners will not negotiate a contract with Barthelmas for the operation of the dump until he has secured a license from the department of health.

Commissioners Wayne Hines, Lloyd Melvin and Charles Morris discussed the dump situation today during their regular weekly meeting.

Commissioner-elect Dick T. Tootie attended today's session. The county solons received a letter from the State Department of Health approving the water system operation at Knollwood Village. An inspection of the system was made by John R. Humker, an engineering technician for the state department of health and Thoburn Blaney, county sanitarian.

Exclusive Formula Promptly Stops Itching,
Burning and Relieves Pain of Piles In Most Cases

New York, N.Y. (Special): The embarrassing itch caused by hemorrhoids is most torturous. But science has found a special formula with the ability, in most cases — to promptly stop the burning itch, relieve pain and actually shrink hemorrhoids. And all without nar-

cotics or stinging astringents of any kind.

The secret is Preparation H. There is no other hemorrhoid formula like it. Preparation H also lubricates, soothes irritated tissues and helps prevent further infection. In ointment or suppository form.

Are Rescued
In Vermont**

MANCHESTER, Vt. (AP) — Twenty high school hikers and two teachers, trapped on Mt. Tabor when a rain turned to a blinding snow storm, lasted the night in a lean-to by singing songs and pairing off to watch for signs of frost bite.

The nine girls, 11 boys and teachers from the hiking club of Shenendowa High School at Elmore, N.Y., were brought down Sunday by rescuers. They had kept warm by a fire.

Two girls, Janice Naylor, 16, and Virginia Morton, 17, suffered frost bitten feet.

Snow, winds of up to 50 miles an hour and zero cold forced the group to seek shelter.

A ranger said the party missed a side path, realized it was near dark, and took shelter in the lean-to, using a machete to cut down fire wood.

"We never slept, it was too cold," said Lynn Focht, 17. "We sang and talked."

**2 Cars Stolen

Two cars were stolen in the Pickaway County area over the weekend, according to a report by Bud Linder, sheriff's dispatcher.

A 1965-model car was stolen from Virgil Devors of South Bloomfield and a 1966-model car from Mrs. John Oakley of Orient.

Mrs. Oakley was not aware of the absence of her car until she was notified by the Grove City Police Department that the Pickaway County Sheriff's Department had found her car and that it had been involved in an accident.

The car was found off the side of the Williamsport-Palestine Road about 10:54 a.m. Sunday where it had hit a fence. The car had been stolen sometime between 10:30 a.m. Friday and about 7 a.m. Saturday, according to the report.

Virgil Devors reported that his car was stolen from the front of his house at 7:05 a.m. Sunday. He stated that a relative had parked the car in his driveway about 7 a.m. and left the keys in the ignition switch. A neighbor reported seeing a stranger drive away in the car at 7:05 a.m.

Both incidents are under investigation by the Pickaway County Sheriff's Department.

**Credit Cards,
Checks Lost From
Car's Trunk Top**

Credit cards and checks were lost by Mrs. Chester Starkey of Route 4, Friday when she left them on the trunk of her car.

Mrs. Starkey reported to the sheriff's department that she was on her way to the bank and that she put the checks and wanted to cash in her purse. She stated that she then placed the purse on the car trunk as she cleaned other items out of the car.

When Mrs. Starkey arrived at the bank she realized that she had left the purse on the trunk of the car, according to her report.

She stated that she retraced her trip into town but could not find the purse, although she was able to find some of the papers that had been in it. The checks and credit cards are still missing.

Mrs. Starkey was advised by the sheriff's department to cancel payment on the checks and to inform the credit company that the cards were missing.

Arab Guerrilla East Of Suez

By THE ASSOCIATED PRESS

A new Arab guerrilla organization has emerged to combat Israeli forces on the east side of the Suez Canal, the semiofficial Egyptian newspaper Al-Ahram reported today.

It said the Organization for the Liberation of Sinai, whose activities have been kept secret to date, will shortly issue military communiqués and "assume responsibility for resistance ac-

tions against the Israeli imperialist presence."

Al-Ahram said the Israelis have been "trying to hide" news of encounters with the guerrillas. These included several Arab ambushes in Sinai in the past few months, presumably those blamed by Israel on regular Egyptian army units, said the Cairo newspaper.

The announcement apparently marked the beginning of organized guerrilla activity against Israeli forces in the Suez Canal Zone and promised to heat up the Egyptian-Israeli cease-fire line, usually the quietest in the Middle East.

Israel has been plagued by almost daily guerrilla forays from Jordanian territory, and the Israeli army reported that two Arab saboteurs and an Israeli border soldier were killed in such incidents Saturday night and Sunday.

The army said the two saboteurs were killed in a clash with an army patrol after they crossed the Jordan River 30 miles north of the Dead Sea, while the soldier was killed while driving a jeep through occupied Hebron.

The Amman newspaper Al-Dustour claimed three Israelis were killed in Hebron and that "hundreds of Arabs" had been arrested as Israeli troops searched for the saboteurs. It said a curfew was slapped on the town, and military roadblocks sealed all access.

North Vietnam has released a few American fliers captured after being shot down in combat, but not on the scale of U.S. releases.

North Vietnam had announced earlier arrangements would be made to forward Christmas packages from the United States to prisoners in the North. Meanwhile in South Vietnam, U.S. B-52 bombers kept on pounding infiltration corridors north of Saigon, seeking to blunt the enemy winter offensive which some officials expect. But only light, scattered ground fighting was reported.

Leslie Brucker Given Awards Posthumously

The Distinguished Service Cross, the nation's second highest award for heroism, and two awards of the Bronze Star, have been presented posthumously to the mother of Staff Sgt. Leslie L. Brucker, Jr.

Mrs. Kathryn Brucker, 309 Franklin St., accepted the medals in a brief ceremony in her home Thursday. 1st Lt. Churchill P. Lea, Jr., Adjutant, Columbus U.S. Army Advisor Group (USAR), made the presentations.

Sgt. Brucker was assigned to the 5th Special Forces Group (Airborne), 1st Special Forces.

The Distinguished Service Cross was presented to Sgt. Brucker for heroic actions in the Republic of Vietnam on Aug. 25, 1968. While serving as a medic and platoon leader, Sgt. Brucker saw his company commander and a fellow medic hit by enemy fire.

Disregarding his own safety, he carried his wounded commander out of the line of enemy fire, and then returned to help the injured medic. As he prepared to carry the medic to cover, Sgt. Brucker was mortally wounded.

The Bronze Star for heroism was earned on Aug. 12, 1968 while the award of the Bronze Star for meritorious service was for the period May 18 to Aug. 25, 1968.

Beatles Lawyer Found Hanged

HOVE, England (AP) — David Jacobs, lawyer for the Beatles and a number of other stars, was found hanged in the garage at his seafaring mansion Sunday, police reported. An inquest was ordered.

The body was discovered by a servant. Friends said Jacobs had appeared to be under a strain for some weeks.

It was the second time death had come close to the Beatles in recent years. Brian Epstein, their manager and another client of Jacobs, died in August 1967 of an accidental overdose of sleeping pills.

Deadline Extended For Area Dumps

Judge William Ammer of the Pickaway County Court of Common Pleas has indicated he will extend the deadline for closing two area dumps until Jan. 1.

It marks the third time he has extended the deadline. The dump operated by Larry Metz on the Dr. J. N. Bowers farm must be closed eventually because of its Scioto River flood plain location.

The dump operated by William Barthelmas in Wayne Twp. can be licensed if the plans for its operation meet state specifications.

Barthelmas has submitted plans to the State Department of Health but no approval has been given yet.

Pickaway County Commissioners will not negotiate a contract with Barthelmas for the operation of the dump until he has secured a license from the department of health.

Commissioners Wayne Hines, Lloyd Melvin and Charles Morris discussed the dump situation today during their regular weekly meeting.

Commissioner-elect Dick T. Tootle attended today's session. The county solons received a letter from the State Department of Health approving the water system operation at Knollwood Village. An inspection of the system was made by John R. Hunkler, an engineering technician for the state department of health and Thoburn Blaney, county sanitarian.

**Oregon Recount
Proceeds Slowly**

PORTLAND, Ore. (AP) — More than eight per cent of the ballots already recounted in Oregon's U.S. Senate race have been challenged and, as a result, observers say it may be Christmas before the recount is complete.

No significant change has emerged in the recount requested by Democrat Wayne Morse, a senator for 24 years who lost by a margin of 3,445 votes to Republican Robert Packwood.

Stops Tormenting Rectal Itch
Exclusive Formula Promptly Stops Itching, Burning and Relieves Pain of Piles In Most Cases

New York, N.Y. (Special): The embarrassing itch caused by hemorrhoids is most torturous. But science has found a special formula with the ability, in most cases — to promptly stop the burning itch, relieve pain and actually shrink hemorrhoids. And all without narcotics or stinging astringents of any kind.

The secret is Preparation H. There is no other hemorrhoid formula like it. Preparation H also lubricates, soothes irritated tissues and helps prevent further infection. In ointment or suppository form.

Credit Cards, Checks Lost From Car's Trunk Top

Credit cards and checks were lost by Mrs. Chester Starkey of Route 4, Friday when she left them on the trunk of her car.

Mrs. Starkey reported to the sheriff's department that she was on her way to the bank and that she put the checks she wanted to cash in her purse. She stated that she then placed the purse on the car trunk as she cleaned other items out of the car.

When Mrs. Starkey arrived at the bank she realized that she had left the purse on the trunk of the car, according to her report.

She stated that she retraced her trip into town but could not find the purse, although she was able to find some of the papers that had been in it. The checks and credit cards are still missing.

Mrs. Starkey was advised by the sheriff's department to cancel payment on the checks and to inform the credit company that the cards were missing.

22 Hikers Are Rescued In Vermont

MANCHESTER, Vt. (AP) — Twenty high school hikers and two teachers, trapped on Mt. Tabor when a rain turned to a blinding snow storm, lasted the night in a lean-to by singing songs and pairing off to watch for signs of frost bite.

The nine girls, 11 boys and teachers from the hiking club of Shenendowa High School at El-nora, N.Y., were brought down Sunday by rescuers. They had kept warm by a fire.

Two girls, Janice Naylor, 16, and Virginia Morton, 17, suffered frost bitten feet.

Snow, winds of up to 50 miles an hour and zero cold forced the group to seek shelter.

A ranger said the party missed a side path, realized it was near dark, and took shelter in the lean-to, using a machete to cut down fire wood.

"We never slept, it was too cold," said Lynn Focht, 17. "We sang and talked."

2 Cars Stolen Over Weekend

Two cars were stolen in the Pickaway County area over the weekend, according to a report by Bud Linder, sheriff's dispatcher.

A 1965-model car was stolen from Virgil Devors of South Bloomfield and a 1966-model car from Mrs. John Oakley of Orient.

Mrs. Oakley was not aware of the absence of her car until she was notified by the Grove City Police Department that the Pickaway County Sheriff's Department had found her car and that it had been involved in an accident.

The car was found off the side of the Williamsport-Palestine Road about 10:54 a.m. Saturday where it had hit a fence. The car had been stolen sometime between 10:30 a.m. Friday and about 7 a.m. Saturday, according to the report.

Virgil Devors reported that his car was stolen from the front of his house at 7:05 a.m. Sunday. He stated that a relative had parked the car in his driveway about 7 a.m. and left the keys in the ignition switch. A neighbor reported seeing a stranger drive away in the car at 7:05 a.m.

Both incidents are under investigation by the Pickaway County Sheriff's Department.

Vandals Shoot Security Light

Vandals shot out the security light of Troy McPherson of Route 1, Orient Friday night.

McPherson told sheriff's deputies that this was the second Friday in a row that someone had shot at, and hit, the mercury light near his barn.

The incident is being investigated by the sheriff's department.

Arab Guerrilla East Of Suez

By THE ASSOCIATED PRESS

A new Arab guerrilla organization has emerged to combat Israeli forces on the east side of the Suez Canal, the semiofficial Egyptian newspaper Al Ahran reported today.

It said the Organization for the Liberation of Sinai, whose activities have been kept secret to date, will shortly issue military communiques and "assume responsibility for resistance ac-

tions against the Israeli imperial presence."

Al Ahran said the Israelis have been "trying to hide" news of encounters with the guerrillas. These included several Arab ambushes in Sinai in the past few months, presumably those blamed by Israel on regular Egyptian army units, said the Cairo newspaper.

The announcement apparently marked the beginning of organized guerrilla activity against Israeli forces in the Suez Canal Zone and promised to heat up the Egyptian-Israeli cease-fire line, usually the quietest in the Middle East.

Israel has been plagued by almost daily guerrilla forays from Jordanian territory, and the Israeli army reported that two Arab saboteurs and an Israeli border soldier were killed in such incidents Saturday night and Sunday.

The army said the two saboteurs were killed in a clash with an army patrol after they crossed the Jordan River 30 miles north of the Dead Sea, while the soldier was killed while driving a jeep through occupied Hebron.

The Amman newspaper Ab Dastour claimed three Israelis were killed in Hebron and that "hundreds of Arabs" had been arrested as Israeli troops searched for the saboteurs. It said a curfew was slapped on the town, and military roadblocks sealed all access.

OHIO WEATHER SUMMARY

COLUMBUS, Ohio (AP) — Weather bureau summary for Ohio:

An intense low pressure system was along the northern New England coast early this morning and was continuing to force unseasonably cold air over Ohio from the north. The coldest temperatures early this morning were reported in the western and extreme southeastern parts of the state, 6 to 15 degrees.

The western and extreme southeastern parts of the state will have considerable sunshine today and fair skies tonight.

South Court Yule Program Scheduled

The South Court Elementary School will present "Symbols of Christmas" 7:30 p.m. tonight for the Christmas meeting of the PTA.

Performing in this short playlet will be grades one, two and three, and also both kindergarten classes.

The program consists of readings and songs which explain many of the holiday customs and the symbols that decorate the homes during this Christmas season.

Temperatures tonight will range from 15 to 25 degrees.

Snow flurries will end tonight. Skies will become partly cloudy and overnight lows will fall to around 10 degrees. Temperatures throughout Ohio on Tuesday will be warmer than today.

FORECASTS

OHIO — Fair west and snow flurries ending east tonight with partly cloudy skies, low 5 to 10 above east and in teens west. Tuesday, increasing cloudiness west and partly cloudy east. Warmer Tuesday.

NORTHWEST, SOUTHWEST, CENTRAL OHIO — Fair and cool tonight, low in the teens. Tuesday increasing cloudiness and warmer.

SOUTHEAST, EAST CENTRAL OHIO — Clearing and cold tonight, low 5-10 above. Tuesday mostly sunny and warmer.

OHIO FIVE - DAY FORECAST
Temperatures are expected to average near normal Tuesday through Saturday with highs in the mid 30s to the low 40s and lows in the 20s. Slightly warmer weather about the middle of the week will be accompanied by precipitation averaging .5 inch melted.

NASA Discounts Radiation Danger To Apollo 8 Crew

CAPE KENNEDY, Fla. (AP) — Despite concern expressed by some scientists, the space agency predicts America's Apollo 8 astronauts will be exposed to radiation no greater than the total equivalent of three chest X rays when they fly around the moon. Solar flares erupting on the sun's surface could spew radiation into space between earth and the moon, but "it would take a very unusual flare" to prevent or alter the mission, said an Apollo 8 astronaut, William A. Anders.

The funeral home said they did not know who brought the body in Saturday.

Blaiberg Praises Barnard Courage

NEW YORK (AP) — The world's longest lived heart transplant patient has defended the "cold, calculated courage" of Dr. Christian Barnard, who performed the controversial operation.

The patient, Philip Blaiberg, said of the pioneer surgeon, "He it was who had the courage to transplant a new heart in me after his first patient died."

"The cold, calculated courage he has shown, while the world watched him, was courage indeed," Blaiberg wrote in a book, "Looking at My Heart," published today by Stein and Day.

They probably haven't seen more than one or two in the last decade large enough to cause concern," said Air Force Maj. Anders, who plans to blast off Saturday for a 10-orbit flight around the moon with Air Force Col. Frank Borman and Navy Capt. James A. Lovell Jr.

While NASA said it has no grounds for worry, concern has been expressed elsewhere in the scientific community.
Dr. Harold Zirin, professor of astrophysics at the California Institute of Technology, said earlier this month that Cal Tech astronomers observed a new sunspot group which "has

grown rapidly and will be facing the earth at the center of the sun on Dec. 23."

Ohio Hunter's Body Found In Woods

TONESTA, Pa. (AP) — An Ohio hunter was found dead in the woods about seven miles from this Forest County community.

The Moore-Borland Funeral Home in nearby Leeper said he was Edward G. Buechner of Olmsted Falls, Ohio.

The funeral home said they did not know who brought the body in Saturday.

Blaiberg Praises Barnard Courage

NEW YORK (AP) — The world's longest lived heart transplant patient has defended the "cold, calculated courage" of Dr. Christian Barnard, who performed the controversial operation.

The patient, Philip Blaiberg, said of the pioneer surgeon, "He it was who had the courage to transplant a new heart in me after his first patient died."

"The cold, calculated courage he has shown, while the world watched him, was courage indeed," Blaiberg wrote in a book, "Looking at My Heart," published today by Stein and Day.

The 160-mile "Liberty Trail" winds through Philadelphia and four nearby counties — Bucks, Chester, Delaware and Montgomery.

Without even seeking the distinction, Richard M. Nixon by now must qualify as the best briefed president-elect in history on what is wrong with the country.

If he hadn't had some impressions of his own, Mr. Nixon might never have pursued his comeback so enduringly. Nonetheless, scarcely a day goes by without a new and dreary diagnosis being pressed upon him.

By way of summing up a wide-ranging survey of the country's ailments, Brookings Institute President Kermit Gordon concludes the nation is beset by a paradox. This is a country, he notes, which is racked with the problems of poverty while enjoying the longest, strongest economic growth in history.

The American gross national product has increased 50 percent in the last 10 years. But rapid growth has brought rapid change. And aspirations, generated by a diffusion of affluence from the top down, have outpaced performance in satisfying the requirements of the neediest.

And so it goes. Poverty amidst plenty, racial conflict, slums in the cities, crime in the streets, foreign relations that make Big Brother look like a big bully — these are some of the problems awaiting Mr. Nixon's attention.

If Mr. Nixon gets half the help in tackling the nation's troubles that he has received in being made aware of them, the country should be well on its way out of the Dark Ages.

Exit For Reserves

The Army's plan to release 20,000 National Guardsmen and Reservists activated during the Pueblo crisis by the end of next year will be welcomed by the men and their families. It will cut by at least five months the two-year maximum period of service under the callup.

It also will mean higher draft calls. In preparation for more inductees, plans to close the advanced infantry training center at Ft. Dix, N. J., and the basic training center at Ft. Bliss, Tex., have been canceled.

The year 1969 ought to close out a

sorry chapter of manpower mismanagement. The callup itself aroused suspicions that an administration wary of a general reserve mobilization or an escalated draft in an election year was using the Pueblo incident to augment the regular forces.

Units originally told they would serve as teams were broken up. Orders issued, then countermanded, meant home dislocations and bitterness. Perhaps lessons from this episode will prevent further misuse of the nation's manpower resources in the future.

High and low: Colorado has the highest low point of any state and Florida the lowest high point, says the National Geographic Society. Colorado's lowest spot is 3,350 feet above sea level, and the highest point in Florida is 345 feet.

Education can be killing: Each year 15 of every 100,000 college students commit suicide, a rate higher than the national average and twice the rate of young people the same age who don't go to college.

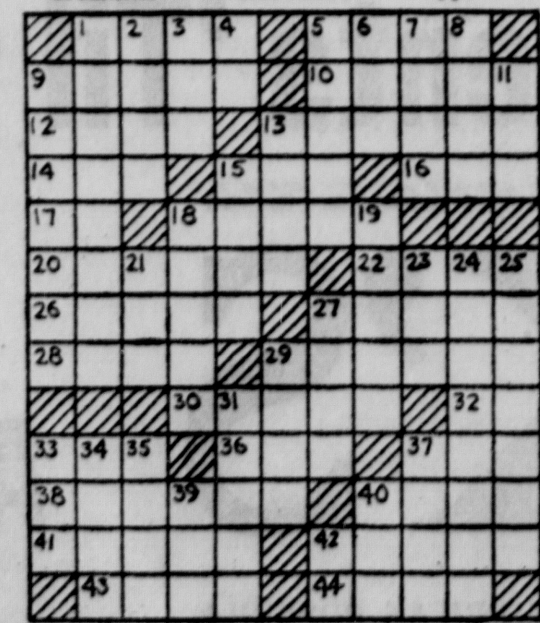

Sweet tooth: Despite all the stern dietary warnings to avoid an excessive caloric intake, the average American now eats 19 pounds of candy a year. He takes the warnings with a grain of sugar.

IN GREECE there is a legend about two men who became embroiled in a bitter argument, which culminated when one yanked out the pendulum of a big clock, and killed the other by cracking it down on his skull. The murderer then swallowed a poison pellet, so both belligerents now were dead.

A philosopher, reflecting on the tragedy, remarked, "What a pity violent use was made of the pendulum! Given time, it would have killed both men peacefully!"

Mother and father were in the kitchen washing dishes while their two spoiled kids were sprawled out in the living room watching television. Suddenly the kids heard a crash of falling dishes.

They listened eagerly for a few moments, and then the young son declared, "It was Mom." "How do you know?" his sister demanded. "Because," he explained, "she isn't saying anything."

A 70-year-old banker defiantly faced his Board of Directors and announced he was going to marry the 18-year-old telephone operator.

"But R.L.," protested the vice president, "isn't she just a wee bit on the young side for you?"

"Ridiculous," snorted the banker. "Women of my own age are bossy, extravagant, and always dragging me off somewhere."

"Young girls are the same," persisted the vice president.

"Sure they are," agreed the banker. "But who cares?"

Speaking Of Your Health

How long can water pills be taken safely for dieting?

By now my readers are aware of the fact that I have great admiration for the pharmacist and the pharmacist for their contributions to doctors and patients. Many of them are highly trained chemists who offer to physicians their important knowledge about drugs. They truly are part of the health team and should be respected as such by patients and doctors.

If this seems a far cry from your question, bear with me. The other day across a window of a large drug store was a four-inch paper sign which, in red letters, blared "Water pills for weight reducing."

I resented it, mostly because it does such an injustice to the reputable pharmacist who knows better and will only issue diuretics or water pills when prescribed by a physician.

A rapid loss of water and weight is only temporary and will be regained with the intake of fluids unless there is a medical problem that causes the accumulation of fluids. There is a fine balance between the amount of fluid in the body and the amount that is excreted. In some heart and circulatory disorders, kidney diseases and hormone irregularities, an unusual amount of fluid may be stored in the tissues of the body. This is called edema. Under such circumstances water pills are prescribed, but NOT for weight reduction.

Buying a diuretic across the counter can be dangerous if the contents happen to be injurious to kidney function. For this reason when diuretics are prescribed the doctor keeps the patient under observation to be sure there are no unusual side effects. Water pills are another way of kidding yourself into the belief that you are dieting when you are not.

There is another important reason why over-the-counter water pills are dangerous.

When large amounts of urine are excreted under stimulation of these drugs there can be a loss of important minerals like calcium, sodium, magnesium and others. Upsetting the balance between all of these chemicals and the amount of fluid in the body encourages the risk of real trouble by those who are tempted to use this false short cut for proper dieting.

Can varicose veins be permanently cured by injection?

Small varicose veins of the leg may not interfere with the return of the circulation of blood to the heart. Large varicose veins of the larger vessels of the legs are caused by a breakdown of tiny valves in the veins. When these large blood vessels are involved, a variety of symptoms may occur. There may be pain on standing or walking and chronic fatigue after little or no exercise, or at work. For these conditions surgery is almost always the ideal form of treatment to insure the greatest chance of permanent recovery.

Small varicose veins that do not cause unusual symptoms may be annoying because of their appearance. Surgery for these smaller varicosities is almost always unnecessary.

There are now a number of ways of injecting special sclerosing solutions which close off these tiny veins and improve the pretty picture of legs exposed by the modern mini-skirt.

This procedure is a very simple and safe one and can be easily performed in a doctor's office. The results are gratifying.

When surgery is advised for varicose veins do not be tempted by the injection method unless it is very definitely advised by the doctor.

So, when a few score hopped-up demonstrators stand outside his windows at San Francisco State shouting "We want the puppet," or "Down with the pigs," one pictures the veteran semanticist updating his game of "Find the referent." If "puppet" is just another name for a state college president who owes something to the taxpayers, and something to the students who want to study, Hayakawa would cheerfully plead guilty to being a puppet.

And he would just as cheerfully accept the help of the "pigs" — i.e., the police — in keeping San Francisco State safe for the Bill of Rights. "Pig" or "cop," what's the difference when the "referent" — i.e., the defender of the First Amendment — is one and the same in Objective Reality?

If the New Left shatters itself against the combined fortitude of Black, Babbidge, and Hayakawa, the Republic will owe a debt of gratitude to a most unlikely troika. But the Bill of Rights always manages to find its defenders.

The Bill Of Rights

By JOHN CHAMBERLAIN
The student militants are obviously hell-bent on continuing the business of violent "confrontation" into the Nixon Era. But the lesson from two ends of the continent — from San Francisco State College on the Pacific Coast and from the University of Connecticut in New England — is that the militants are up against the Law of Diminishing Returns. In attempting to coerce the deans and to prevent less militant students from getting their money's worth in the classrooms or listening to job recruiters, the radicals are on the wrong side of the Bill of Rights. And this, in America, is suicidal.

The defense of the Bill of Rights, which protects the free speech of the Dow Chemical Company and General Motors no less than the free speech of Mark Rudd and other youthful revolutionists, is currently in the hands of a most improbable trio. In Washington, D. C., Associate Justice Hugo Black reminds the young protesters that his colleague on the bench, Bill Douglas, agrees with him in saying that the First Amendment, which guarantees freedom of opinion, "doesn't have anything that protects a man's right to walk around and around my house if he wants to fasten my people — my family — up in the house, make them afraid to go out of doors, afraid that something will happen."

In other words, the most venerable liberal on the Supreme Court says that if a person wants to talk, it must be from his own pulpit, and not from a position of trespass on someone else's property. If a city acts for the taxpayers, in making the rules for publicly owned parks and streets, it has a right to prevent nuisances in those places. Similarly, the administrators of state institutions of learning have a right to make the rules for the peaceful use of the taxpayers' educational property.

So when the acting president of San Francisco State College, S. I. Hayakawa, says he's going to keep his school open to anybody who has qualified for tuition, he has had the word from no less a liberal than Justice Hugo Black. The same is true for President Homer D. Babbidge of the University of Connecticut, who has just refused to declare a moratorium on recruitment by defense-related companies on the main campus of his institution on the old New England town of Storrs. Black, Babbidge, and Hayakawa — these are the Three Musketeers who are saving the First Amendment from the traps being laid by Leftists who want free speech only for themselves.

Pretty soon the militant Left will be complaining that Justice Black has "sold out." They used to say this of Justice Felix Frankfurter. But Black, even as Frankfurter before him, is not guilty of anything more than treating his obligations to the Constitution, including the Bill of Rights, with common honesty.

The spectacle of S. I. Hayakawa standing up to the New Left at San Francisco State is especially titillating to those who recall that he was once a hero to Leftists who wanted to see language subjected to the Test of Truth. In the Nineteen Thirties, Hayakawa, along with Stuart Chase, was one of the pioneers of the New Semantics. He wrote an important book, "Language

in Thought and Action." His thesis was that it was the "referent," or the reality behind the word, that counts, and not the word itself. So, when a few score hopped-up demonstrators stand outside his windows at San Francisco State shouting "We want the puppet," or "Down with the pigs," one pictures the veteran semanticist updating his game of "Find the referent." If "puppet" is just another name for a state college president who owes something to the taxpayers, and something to students who want to study, Hayakawa would cheerfully plead guilty to being a puppet. And he would just as cheerfully accept the help of the "pigs" — i.e., the police — in keeping San Francisco State safe for the Bill of Rights. "Pig" or "cop," what's the difference when the "referent" — i.e., the defender of the First Amendment — is one and the same in Objective Reality?

If the New Left shatters itself against the combined fortitude of Black, Babbidge, and Hayakawa, the Republic will owe a debt of gratitude to a most unlikely troika. But the Bill of Rights always manages to find its defenders.

T. M. Glick of Route 3 was honored for 32 years he served as president of Pickaway County Farm Bureau.

Salary increases for members of the Circleville Fire Department were approved by city council. The legislation marked the first pay increase for firemen since December, 1961.

City council also approved an ordinance appropriating money to pay for the cost of tearing down the City Water Department's old water tower northwest of Circleville.

Circleville Trinity Lutheran Church dedicated its new church with a series of special events.

The Circleville First Baptist Church was formally opened and dedication held of its new building.

Dr. Henry H. Swope returned to Circleville with plans to open offices on N. Court St. for the general practice of medicine.

Two and one-half inches of

snow covered the ground throughout the county on Dec. 18.

A faulty flue on the second floor of their home, was blamed for the fire at the Jess Blankenship home in Pickaway Twp. leaving the family of 10 homeless.

On Dec. 20, the official overnight low was five degrees below zero according to weather records.

Pickaway County Farmer and Sportsmen Assn. members gathered for their traditional holiday game supper. The cooks were Bob Wolf, a retired Circleville fireman who had been in charge of the feast since its inception, Bob Rader, Martin Garner and Ted Culp.

Three inches of new snow on Dec. 23, assured area residents of a "White Christmas." The heavy snowfall caused traffic to come to a standstill in the business district of Circleville.

NEW YORK (AP) — It was a winter weekend when a television set was almost as cozy as an open fire and there were not too many specials interrupting regular programs. Sunday evening in particular was a pleasant time to sample around the networks a bit.

The educational networks, "PBL," was trying something different again. This time it was pulling together several short subjects under a general heading of "Can This Be America?"

It was uneven, but most impressive was a cinema verite treatment of Negro organizations in New Jersey, centering around LeRoi Jones and called

"New Ark." It showed the people of Newark teaching young children a "black alphabet" in which the letter P stands for pride, and repeating that black is beautiful. It also showed seminars for Negro women, designed to give them a sense of dignity, place and participation.

Least impressive was an interview with millionaire H. L. Hunt by actor Walter Brennan, both conservatives, that explored some familiar ground.

NBC's "Bonanza" had a remarkable story about the Cartwrights' Chinese cook. His amazing knowledge of fingerprints as a means of identification—at a time when Alphonse Bertillon was a young man—got Little Joe out of a murder charge. It was one of the weaker tales of the Ponderosa.

The Smothers Brothers on CBS continue their merry comments. Their new feature, "Minority Report," if played down the middle for comedy alone, and avoided expressing the political viewpoints of the stars, might be a worthy successor to Allen's Alley.

Happiest hour of the weekend was "Down to the Sea in Ships," on Friday night through most of the country but on Sunday in the New York area. The "Project 20" hour on NBC was a love poem to ships and seas, and contained smashing photography of angry oceans, giant, curling waves, serene sunsets and quiet waters.

There was no big message except a sort of gentle regret that the sleek beautiful sailing ship is today an anachronism. The hour consisted of film, prose and musical score in fine harmony.

CBS's Christmas gift to the "The Jonathan Winter's Show" and "Hawaii Five-O" will be a swap of time spots.

The public-eye action show will move into Winters late Wednesday time spot on Dec. 25 where it will compete for audiences with NBC's private eye, "The Outsider." Winters and company will move to the early evening Thursday position on Dec. 26 to face tough comedy competition from ABC, the end of "Daniel Boone" and the beginning of "Ironside" from NBC. Neither show has been doing exceptionally well in their old positions.

Recommended tonight: "The Sunshine Patriot," NBC, 9-11 EST. Dina Merrill and Cliff Robertson in a made-for-TV spy film.

Tentative NCR Agreement To Be Voted On Tuesday

DAYTON, Ohio (AP)—Tentative agreement was announced Sunday on a new three-year contract which could end a four-week strike by 15,000 National Cash Register Co. employees.

U.S. Mediator Wesley Vanover said members of the NCR Employees Independent Union (EIU) will vote Tuesday on whether to ratify the pact.

The 15,000 employees, including about 150 at the company's printing and supply plant in

Washington Court House, Ohio, struck Nov. 18.

The strike came after employees had worked for more than a year without a contract. The old pact expired Aug. 31, 1967, but start of negotiations was delayed because of several union representation votes at the plants.

Terms of the tentative contract were not disclosed. Company and union agreed shortly after the strike began not to release details of negotiations.

On Nov. 1 the company reported it offered an \$80 million package of improved wages and fringe benefits. The company said the offer would have increased wages from an average of \$3.58 an hour to \$4.26 over three years.

But the union rejected the proposal, saying it did not include enough money to put wages on a par with salary increases gained nationally during the previous year.

The union represents produc-

tion, maintenance, office, clerical and technical employees.

The company said that if union members ratify the new contract Tuesday, it will begin recalling workers later this week.

Coroner To Rule In Fireman's Death

CLEVELAND, Ohio (AP) — The coroner is to rule on the cause of death of Lt. Dennis J. Connors, a Cleveland fireman for 21 years, who collapsed and died Sunday at the scene of a fire at a West Side home.

Connors, 55, fell to the pavement and struck his head. They said there was a possibility that he suffered a stroke or heart attack.

Children playing with matches started the fire, which caused damage estimated at \$4,500, firemen said.

Boy Slain, 3 Injured In Melee

YOUNGSTOWN, Ohio (AP)—A Youngstown boy was killed, his step-brother shot and wounded and two other Youngstown brothers injured in a gun-knife fight Sunday night at a grocery store.

Police identified the dead man as Donald Scott, 18, who suffered a gunshot wound in the back.

His step-brother, Joseph Woodbury, 17, was reported in fair condition at St. Elizabeth Hospital with a gunshot wound in the right leg.

Two of three other brothers involved in the fight were treated at North Side Hospital. They were Yasir Suleman, 29, who suffered a knee injury and cut over his lip, and Taha Suleman, 28, who had bruises on the head.

Their brother, 26-year-old Isa Suleman, the owner of the Save More Market, was being held for questioning.

Police said a group of boys caused a disturbance at the store late Sunday afternoon and that Isa Suleman chased them out.

Woodbury returned later with his step-brother and a fight ensued.

Ohio Electoral Votes To Be Cast Today

COLUMBUS, Ohio (AP)—The 26 members of Ohio's 42nd Electoral College convene here today to cast their votes for Republicans Richard M. Nixon and Spiro T. Agnew for president and vice president.

Secretary of State Ted W. Brown was to preside at the meeting, after which members have been invited to a luncheon hosted by state GOP Chairman John Andrews.

Views on Television

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP) — It was a winter weekend when a television set was almost as cozy as an open fire and there were not too many specials interrupting regular programs. Sunday evening in particular was a pleasant time to sample around the networks a bit.

The educational networks, "PBL," was trying something different again. This time it was pulling together several short subjects under a general heading of "Can This Be America?" It was uneven, but most impressive was a cinema verite treatment of Negro organizations in New Jersey, centering around LeRoi Jones and called

"New Ark." It showed the people of Newark teaching young children a "black alphabet" in which the letter P stands for pride, and repeating that black is beautiful. It also showed seminars for Negro women, designed to give them a sense of dignity, place and participation.

Least impressive was an interview with millionaire H. L. Hunt by actor Walter Brennan, both conservatives, that explored some familiar ground. NBC's "Bonanza" had a remarkable story about the Cartwright's Chinese cook. His amazing knowledge of fingerprints—a means of identification—at a time when Alphonse Bertillon was a young man—got Little Joe out of a murder charge. It was one of the weaker tales of the Ponderosa.

The Smothers Brothers on CBS continue their merry comments. Their new feature, "Minority Report," if played down the middle for comedy alone, and avoided expressing the political viewpoints of the stars, might be a worthy successor to Allen's Alley.

Happiest hour of the weekend was "Down to the Sea in Ships," on Friday night through most of the country but on Sunday in the New York area. The "Project 20" hour on NBC was a love poem to ships and seas, and contained smashing photography of angry oceans, giant curling waves, serene sunsets and quiet waters.

There was no big message except a sort of gentle regret that the sleek beautiful sailing ship is today an anachronism. The hour consisted of film, prose and musical score in fine harmony.

CBS's Christmas gift to the "The Jonathan Winters Show" and "Hawaii Five-O" will be a swap of time spots.

The public-eye action show will move into Winters late Wednesday time spot on Dec. 25 where it will compete for audiences with NBC's private eye, "The Outsider." Winters and company will move to the early evening Thursday position on Dec. 26 to face tough comedy competition from ABC, the end of "Daniel Boone" and the beginning of "Ironside" from NBC. Neither show has been doing exceptionally well in their old positions.

Recommended tonight: "The Sunshine Patriot," NBC, 9-11 EST, Dina Merrill and Cliff Robertson in a made-for-TV spy film.

Tentative NCR Agreement To Be Voted On Tuesday

DAYTON, Ohio (AP)—Tentative agreement was announced Sunday on a new three-year contract which could end a four-week strike by 15,000 National Cash Register Co. employees.

U.S. Mediator Wesley Vanover said members of the NCR Employees Independent Union (EIU) will vote Tuesday on whether to ratify the pact.

The 15,000 employees, including about 150 at the company's printing and supply plant in

Washington Court House, Ohio, struck Nov. 18.

The strike came after employees had worked for more than a year without a contract. The old pact expired Aug. 31, 1967, but start of negotiations was delayed because of several union representation votes at the plants.

Terms of the tentative contract were not disclosed. Company and union agreed shortly after the strike began not to release details of negotiations.

On Nov. 1 the company reported it offered an \$80 million package of improved wages and fringe benefits. The company said the offer would have increased wages from an average of \$3.58 an hour to \$4.26 over three years.

But the union rejected the proposal, saying it did not include enough money to put wages on a par with salary increases gained nationally during the previous year.

The union represents produc-

tion, maintenance, office - clerical and technical employees.

The company said that if union members ratify the new contract Tuesday, it will begin recalling workers later this week.

Coroner To Rule In Fireman's Death

CLEVELAND, Ohio (AP) — The coroner is to rule on the cause of death of Lt. Dennis J. Connors, a Cleveland fireman for 21 years, who collapsed and died Sunday at the scene of a fire at a West Side home.

Connors, 55, fell to the pavement and struck his head. They said there was a possibility that he suffered a stroke or heart attack.

Children playing with matches started the fire, which caused damage estimated at \$4,500, firemen said.

Cleveland Man Shot To Death

CLEVELAND, Ohio (AP) — A 32-year-old Cleveland man was shot to death Sunday in a gun battle with another man who refused to let him see a teen-age girl.

Dead was Andrew L. Jones. Police said he was hit by five bullets from a .45-caliber pistol. They said Jones drew a pistol when he was refused admittance by the common-law husband of the girl's mother. The husband is being held in the death.

Mr. and Mrs. Loring List Observe Golden Wedding

Mr. and Mrs. Loring List of Manatee Trailer Park, Bradenton, Florida, celebrated their 50th Wedding Anniversary on Thanksgiving Day, November 28, with an open house from 2 to 4 p.m. in the Manatee Hall. Mr. and Mrs. List are former residents of Pickaway County, Fairfield County and Franklin County. Their many friends in the park and their families from Florida and Ohio helped them celebrate. The hall was decorated for the occasion. A gold bowl of yellow rose buds decorated the serving table and vases of yellow mums centered the small table where the guests were seated. The many beautiful potted mums centered the small tables were presented to the honored couple added to beautify the hall. Their son and his wife,

Mr. and Mrs. Gale List, presented his mother with a corsage of yellow rose buds and his father, a yellow carnation boutonniere. Cake, punch, nuts and mints were served to 165 guests that signed the guest book. The honored couple received many lovely gifts, beautiful flowers and over 200 congratulating cards from all their friends everywhere they have known for the past 50 years.

The Lists lived on a farm outside Circleville for nearly twenty years. They moved to Greencastle, where they owned and operated a grocery store for ten years and later moved to Groveport, where they owned and operated the former Oasis Restaurant for about six years before their retirement in Florida twelve years ago.

A program was presented during the afternoon with Pete Anderson acting as master of ceremonies. Pastor W. S. Allan of Trinity Lutheran Church offered a few remarks pertaining to the occasion. The Ohio Girls Chorus from the park sang several selections and Mrs. Harry Marot provided organ music for the guests. Edward Robert Mallory, son-in-law, gave a humorous account of their married life. Gale List, gave a humorous poem, "When Ma was Sick," and Margaret Mallory, daughter, read a similar poem, "When Pa was Sick."

Lemon Tree Creation Something Very Pretty

By ELEANOR ROSS
Creating colorful holiday decorations is one of the best parts of a wonderful season. There are the usual swags, festoons and garlands, of course, plus the traditional, bright red holly as well as that cluster of mistletoe, set up where it will do the most good.

Change of Pace
But it is nice to do something different, something with freshness and flair, something that you will enjoy doing and will make you proud of the compliments it will elicit.

That something can be a lemon topiary tree. It's mighty pretty and so easy to "grow." As a holiday decoration, it adds a vibrant note of color. It also offers fresh, juicy California Arizona lemons within arm's reach of the dispenser of holiday cheer if the tree is placed by the bar or refreshment table.

Youngsters love to create; so show them how and let them build their own topiary tree, substituting oranges for lemons. Keep the tree replenished throughout the holidays.

How To Begin
Now let's get down to business. Assemble these supplies: a wooden dowel (1 inch wide, 36 inches long), one gallon fiber flower pot, 5 pounds of plaster of Paris, 2 yards of lemon yellow burlap ribbon, 2 dozen fern pins, 1 small can of green spray paint, 1 styrofoam ball (10- or 12-inch diameter), fresh or artificial greens, 1 dozen fresh lemons (or oranges), 1 package 10-inch-wide clear plastic.

Drive two 2-inch nails into dowel at right angle, about 1 inch from end; fill flower pot half-full of water and slowly pour plaster of Paris into pot. As plaster begins to set up, place nailed end of dowel in

middle of pot and hold it perfectly straight until plaster is hard. With sharp knife, cut 1-inch-wide hole in styrofoam ball about 3 inches deep; place on dowel.

Using the green paint, spray pot, dowel and ball. Allow to dry. With fern pins, attach greens to ball, covering completely.

In The Middle
Tear off 10 inches of plastic wrap, place a fresh lemon in center, then bring edges together and twist firmly. With fern pins, secure all 12 wrapped lemons on tree, distributing them about 6 inches apart. Make a burlap bow with long streamers and attach to the base of the ball at the treetop with fern pi. The tree may be placed in a decorative container but it looks fine just in its fiber pot.

Place pebbles or sand around the base of the tree and the whole job is ready to be admired. And your lemon tree will be, as the song says, very pretty.

Lemon Tree Creation Something Very Pretty

By ELEANOR ROSS
Creating colorful holiday decorations is one of the best parts of a wonderful season. There are the usual swags, festoons and garlands, of course, plus the traditional, bright red holly as well as that cluster of mistletoe, set up where it will do the most good.

Change of Pace
But it is nice to do something different, something with freshness and flair, something that you will enjoy doing and will make you proud of the compliments it will elicit.

That something can be a lemon topiary tree. It's mighty pretty and so easy to "grow." As a holiday decoration, it adds a vibrant note of color. It also offers fresh, juicy California-Arizona lemons within arm's reach of the dispenser of holiday cheer if the tree is placed by the bar or refreshment table.

Youngsters love to create; so show them how and let them build their own topiary tree, substituting oranges for lemons. Keep the tree replenished throughout the holidays.

How To Begin
Now let's get down to business. Assemble these supplies: a wooden dowel (1 inch wide, 36 inches long), one gallon fiber flower pot, 5 pounds of plaster of Paris, 2 yards of lemon yellow burlap ribbon, 2 dozen fern pins, 1 small can of green spray paint, 1 styrofoam ball (10- or 12-inch diameter), fresh or artificial greens, 1 dozen fresh lemons (or oranges), 1 package 10-inch-wide clear plastic.

Drive two 2-inch nails into dowel at right angle, about 1 inch from end; fill flower pot half-full of water and slowly pour plaster of Paris into pot. As plaster begins to set up, place nailed end of dowel in middle of pot and hold it perfectly straight until plaster is hard. With sharp knife, cut 1-inch-wide hole in styrofoam ball about 3 inches deep; place on dowel.

Using the green paint, spray pot, dowel and ball. Allow to dry. With fern pins, attach greens to ball, covering completely.

In The Middle
Tear off 10 inches of plastic wrap, place a fresh lemon in center, then bring edges together and twist firmly. With fern pins, secure all 12 wrapped lemons on tree, distributing them about 6 inches apart. Make a burlap bow with long streamers and attach to the base of the ball at the treetop with fern pl. The tree may be placed in a decorative container but it looks fine just in its fiber pot.

Place pebbles or sand around the base of the tree and the whole job is ready to be admired. And your lemon tree will be, as the song says, very pretty.

Mental Patient Surrenders After Holding 3 Hostages

HOLLYWOOD, Fla. (AP) — A former patient forced his way into a mental hospital Sunday, took three hostages, then surrendered when a newspaper reporter promised to get him more pep pills and treatment.

William Meagher, 24, ended his five-hour siege of the South Florida State Hospital maximum security ward after Rod Gibson of the Miami Herald promised to help him. While a patient there, Meagher had twice broken out.

The three hostages, guard Edward T. Smith and aides Fred Horton and Raymond Dorry, were released unhurt.

Meagher announced his siege at 5:30 a.m. when he telephoned Dr. Richard Parks, hospital superintendent; Dr. Arthur Stillman, clinical director; and Gibson at their homes.

Gibson said Meagher told him: "I have a sawed-off shotgun and a pistol—and plenty of ammunition. I have three aides as hostages and if they don't close down this ward for good, I'm going to tear it apart and kill the three hostages."

The reporter met Meagher in June when Meagher then a prisoner in a Miami jail, wrote to him to complain about the treatment mental patients receive in Florida.

During the siege, Meagher gave beer to inmates in maximum security cells and forced his hostages to drink. Meagher fired shots through the ward's windows, but police who surrounded the building did not return the fire.

Gibson promised by telephone to deliver the drugs and get treatment for him. Meagher then surrendered. Outside, Meagher immediately swallowed four pills that were given to him, by Stillman. They were tranquilizers and Meagher soon fell asleep. He was taken by ambulance to another hospital.

Ohio's Traffic Toll 'Only' 15 Over Weekend

By THE ASSOCIATED PRESS
Ohio's traffic death toll over the weekend was down slightly from the previous weekend.

Fifteen deaths were reported compared with 18 on the first weekend of December.

The weekend's fatal auto accidents included ones in Butler and Highland counties that took two lives each.

The weekend victims included:

SUNDAY

Cinda Roush, 6, of rural West Liberty, when the car in which she was riding ran off a Logan County road south of U.S. 33. Ralph Phillips, 55, Lima, and Mary Lemmon, about 65, Piqua, in a two-car crash on Ohio 122 near Middletown.

Anna Hessdeffer, about 60, struck by a car as she crossed a street in Price Hill, Cincinnati suburb.

Otto Penhorwood, 67, of West Mansfield in Logan County, when his car was struck by a Penn Central freight train at an unguarded crossing north of West Mansfield.

Mary P. Hicks, 50, Columbus, passenger in a car that ran off Henderson Road on Columbus' north side and hit a tree.

Inmate Deserted By Prison Guard

CUMMINS PRISON FARM, Ark. (AP) — Officials at Cummins Prison farm recently decided they should send a guard with an inmate who drove one of the prison's milk trucks to a nearby town.

A short time later, the inmate called the prison and told officials he had been deserted. The guard wandered off and didn't return.

New Republic Founder Dies

TOTNES, England (AP) — Dorothy Whitney Straight Elm-hirst, 81, a founder of The New Republic magazine and various educational projects, died Saturday at Dartington Hall in Devon.

The daughter of William C. Whitney, American financier and President Grover Cleveland's secretary of the Navy, Mrs. Elm-hirst spent her life campaigning for social and educational "adventure through unity, not uniformity."

The death of her father in 1904 left the beautiful, young Miss Whitney wealthy and she became a leading figure in New York society. But she also led marches for women's suffrage, campaigned for community homes for working girls, was elected president of the New York Junior League and later all Junior Leagues, supported countless charities and organized the feeding of 3.5 million starving European children after World War I.

Sleeping On Duty Common With N.Y. Cops, Story Says

NEW YORK (AP) — "Cooping," or sleeping on duty, is a common practice among New York City policemen, the New York Times reported today.

After the story appeared, a police department spokesman

said there would be "no equivocation" in cracking down on those guilty of the practice, or on superiors who tolerate it.

"Any allegations substantiated showing that policemen are not performing their duties will result in appropriate disciplinary action," said Jacques Nevard, deputy police commissioner for press relations.

The Times' account said: "So many policemen sometimes disappeared into their 'coops,' especially during the predawn hours, 'that the response time of the police department, as well as regularity of its patrol, are affected.'"

"The story was based on 'scores of interviews and a number of late-night inspection tours' and detailed incidents of patrol cars parked for hours, sometimes in clusters, with occupants sound asleep. Foot patrolmen frequently use fire houses, hospitals and funeral homes as 'coops.'"

"Some patrolmen carry pillows and alarm clocks under their coats when they go on duty to make sure their rest is comfortable and that they do not oversleep." "It is considered a good joke in the department to distract a man for a moment and to set his alarm clock for 11:55 so it will go off while the platoon is being inspected by the lieutenant just before it goes on duty."

Young Umpire Will Speak At Sertoma Meet

LARRY BARNETT

Larry Barnett, 23, youngest major league umpire in baseball history, will be the featured speaker Wednesday at the meeting of the Circleville Sertoma Club.

Sponsored by General Telephone Co. of Ohio, Barnett will tell some of the humorous events which take place on a baseball diamond. Title of his talk is, "I Never Saw a Spitball."

Barnett is a native of Prospect. After high school graduation, he entered an umpire school in Florida. He finished first in a class of 74 hopefuls. Today only two of that class are employed in baseball.

He officiated in the minors for five years, both in the Midwest and Texas leagues. Barnett's big break came in 1967 when American League scouts, purchased his contract.

This year he "umped" American League spring training games and completed the season in the Texas League. In 1969, he will work the entire season as a full fledged major league umpire.

Laurelville HS Presents Winter Concert Dec. 18

Laurelville High School Band will present its annual winter concert 8 p.m. Wednesday in the auditorium.

The band will perform "Yea, The Heavenly Child Is Born," "Christmas Greeting," "Jingle Bells Rhapsody," "A Christmas Fantasy," "Spirit of Christmas," "Cantique De Noel," "Cathedral Echoes."

The alto saxophone trio will present "Triolet," trombone solo, "Valse Semplice," drum solo, "Rudimental Rumpus," solo, and "Mr. Woodpecker."

Pep band will play "White Christmas," "Silver Bells," "Mister Santa" and "Santa Claus Is Coming To Town."

WANTS IT DRY—Santa hopes for a dry Christmas as he stands in the rain collecting money for charity in Chicago.

Dear Abby: Not Entertained In The Basement

By Abigail Van Buren

DEAR ABBY: With the holidays just around the corner, I'd like to say something about the way some people "entertain."

When I entertain guests in MY home, I invite them to my LIVING ROOM. I have friends who invite us over for a party, and everybody is herded down the basement. It's fixed up real nice down there, but it's always a little bit damp and dark and uncomfortable. Besides, I resent getting all dressed up to stand around in somebody's cellar.

What are these people afraid of? That somebody might mess up their living room?

DEAR RUTHIE: There is no defense for people who entertain in a basement that's "damp, dark and uncomfortable." But the way some careless guests handle their cigarettes and drinks, they should be entertained in a BARN!

DEAR ABBY: I have always had the feeling that my mother-in-law never cared for me very much although heaven knows I have tried my best to make her like me. I married her favorite son, but I am far from her favorite daughter-in-law.

What bothers me most is this: Everywhere you look in her house you see pictures of her "children"—sons, daughters and their husbands and wives, but there is not one picture of me.

I gave her a big tinted picture of me in my wedding gown, but I have never seen it displayed anywhere. Since that time I have given her other pictures of me, but she hasn't put any of them out either. I am not an ugly girl, Abby. In fact people say I am the prettiest of her four daughters-in-law.

I keep asking my husband what his mother has against me and he says, "Nothing." What should I do? About the

pictures, I mean?

DEAR HURT: I'll tell you what NOT to do. Don't bug your husband about it. He is not his mother's keeper.

DEAR ABBY: My conscience is bothering me and I have other problems, too. I'm a 15-year-old girl who everybody thinks is a "very nice girl." But I'm not as nice as they think I am.

My girl friend and I went to a movie one night and we let ourselves be picked up by a couple of guys. They had a car so we went for a ride afterwards, and we parked and made out (only light necking—nothing serious), but we really aren't "pickups" and we don't know what made us act like that.

Well, I've seen this guy a couple of times on the sneak since then, but he doesn't ever want to come in and meet my parents, and all he ever wants is to go out and park with me. I really like this guy and he is on my mind day and night. How can I make it a respectable relationship? I feel ashamed and dirty.

DEAR FIFTEEN: Even a "nice" girl can act on an impulse and behave foolishly ONCE. But she cheapens herself when she meets a boy "on the sneak" to make out with him. A boy who refuses to meet a girl's parents is bad news. Don't see him again.

CONFIDENTIAL TO "THINKING ABOUT IT": Slow down, Soldier. If this is the kind of love that will last forever (and that's the only kind worth marrying for) it will last until you finish your hitch. If the girl has truly "reformed," she won't object to your "sending for her" after you've returned home and have had a chance to think about it objectively.

Santa and the Hippies

By LUCRECE BEALE

Synopsis: The hippies give Ding Dong their favorite possessions. He goes to the Butterfly Queen who says if he can get three colored threads from three fearful witches Heseekiah's spell might be broken.

CHAPTER 12 THE BLACK WITCH

THE Butterfly Queen told Ding Dong that the Black Witch lived in a black castle in a black canyon. Once every three years she spun one inch of coal black thread. This was one of the threads needed to break the spell on Santa Land.

Ding Dong took his bag of gifts from the hippies and went off alone in Santa's little plane. It could fly anywhere in the world with just the flick of a button. He landed in the black canyon but when he tried to enter the castle the guard told him to go away quickly if he cared to save his life.

The guard said the Black Witch had ordered everyone in the castle to paint her portrait but, as yet, not a single portrait had pleased her. In each case she ordered the poor artist to be hung by his heels until a proper portrait should be done.

By now there were 136 artists hanging by their heels in the courtyard and everyone in the castle lived in terror that he would be the next to hang there.

Ding Dong was frightened but he said he must see the Black Witch anyway. The guard shook his head sadly and let him into the castle. When he entered the great hall he heard a deafening hullabaloo. Peeping through a door he saw a fearful sight.

The Black Witch was striding about the room kicking over chairs, smashing mirrors and throwing candlesticks through the windows. Meanwhile the latest unlucky artist hovered in a corner with his hands over his face to block a teacup or bookend the outraged Witch threw at him from time to time.

Suddenly the Witch saw Ding Dong at the door. She dragged him into the room shouting, "What do you think of an artist insulting me this way?"

Ding Dong stared at the offending picture. He thought it a very flattering portrait because it did not show the war on the tip of the Black Witch's nose or the fearful black rings around her eyes.

But when the Witch demanded to know if it wasn't a terrible portrait Ding Dong could only nod. He was too frightened to speak.

"There! I told you so!" screeched the Witch and she ordered the artist to be dragged away and hung by his heels. Then the Witch said to the dumbfounded Ding Dong, "You shall be the next to paint my portrait. And, remember, if it is as ugly as the rest you, too, will hang in the courtyard."

Servants brought easel and brushes and canvas and fine paints, while the Black Witch posed. Ding Dong stood there with shaking knees. He had no idea how even to begin.

Ginsberg Re-Elected Chairman Of UJA

NEW YORK (AP)—Edward Ginsberg of Cleveland was re-elected chairman of the United Jewish Appeal Sunday.

Another Ohioan, Gordon Zacks of Columbus, was named chairman of UJA's National Young Leadership Cabinet.

Ding Dong began to smear paint all over the wall.

Suddenly he remembered the hippies' finger paints in his bag. He opened the jars and dipped in his hands and began to smear paint all over the wall. In five minutes the wall was covered from floor to ceiling with splashes of crimson, dabs of blue, streaks of green, blobs of gold with a handprint of purple scattered here and there.

When the pots were empty Ding Dong sighed and hung his head.

The astonished Black Witch stared at what he had done. She quivered and shook and

sucked in her breath and finally she cried, "It's beautiful! It's gorgeous! It's really, really me!"

She ordered all the artists hanging by their heels to be taken down and she asked Ding Dong how she could pay him for what he'd done. When Ding Dong said he'd like a piece of the black thread she wove the Black Witch gave him all 12 feet of it saying, "It's little enough I can do. For you alone have seen the beauty that is me!"

Horn Leads Packers, 28-27, Over Bears

By DICK COUCH Associated Press Sports Writer Don Horn started the day backing up Green Bay's back-up quarterback and wound up throwing the Chicago Bears for a fatal loss.

He had an unlikely band of packer-backers from Minnesota behind him all the way. Horn, activated Saturday night by the Packers as standby for Zeke Bratkowski, Bart Starr's relief pitcher, came off the bench Sunday and keyed a 28-27 triumph over Chicago that knocked the Bears out of the National Football League championship picture.

Chicago's setback, coupled with Minnesota's 24-17 victory at Philadelphia, crowned the Vikings as champions of the Central Division.

But the Vikings, who followed the Green Bay-Chicago game via clubhouse radio after the finish of their game, had to sweat out a furious Bear charge in the final minutes before nailing their first division title in eight years as a NFL expansion franchise.

In Sunday's other regular season finale, Baltimore edged Los Angeles 28-24. Dallas thumped New York 28-10. Washington topped Detroit 14-3. San Francisco nipped Atlanta 14-12 and New Orleans trimmed Pittsburgh 24-14. St. Louis upended Cleveland 27-16 Saturday.

Dallas meets the Browns in Cleveland next Saturday for the Eastern Conference title and the Vikings and Colts collide at Baltimore the following day for the Western crown.

Horn, released from the Army just 10 days ago, entered the Packers-Bears scrap with Chicago leading 10-7 in the first quarter after Bratkowski, who had started in place of the injury-plagued Starr, was shaken up.

The 23-year-old San Diego State alumnus, Green Bay's No. 1 draft choice last year, uncorked a 67-yard touchdown pass to Jim Grabowski and then set up Chuck Mercein's one-yard scoring plunge with a 45-yard pass to Boyd Dowler as the Packers grabbed a 21-10 half-time lead.

Logan Elm Edged In 2 Overtimes By Plains, 85-84

Logan Elm High School's basketball team was handed its second loss in a row Saturday, dropping a thrilling 85-84 double overtime verdict at The Plains of Mt. Sterling.

The Braves led for almost all of the game, at one time by as many as 14 points. But Mt. Sterling tied the game with 19 seconds to play in the fourth quarter, led the Braves by two in the first overtime until Danny Fausnaugh tied the score with four seconds, and then won it in the second overtime.

The score at the end of the first quarter was 21-17. The Braves had jumped to a 5-0 lead at the beginning of the tilt and never fell behind, although the Blue Devils were able to deadlock the score at 10-10 and again at 15-15.

Royce Woolever, Logan Elm's 6-foot 9-inch giant, made his first appearance of the year just after the second quarter got underway.

THE Braves led for most of the second period, although the Blue Devils were ahead momentarily, 38-37, near the end. At halftime, the score was 41-40 with Logan Elm ahead.

In the first half, Logan Elm was 13 of 28 shots from the field, a 46 per cent average, and added 15 points at the foul line.

Mt. Sterling made 13 of 26 shots, a 40 per cent average, and converted 14 charity tosses.

The Braves opened the second half with an eight point scoring flurry and led, 49-41, before The Plains got on the score board.

Midway through the period Logan Elm gained a 14 point lead, 57-43. However, with Woolever and Dennis Karshner both in serious foul trouble, the Blue Devils began to close the gap.

The score at the end of the third quarter was 60-51.

THE Braves led in the fourth quarter until Gary Bandy tied the score at 73-73 with just 19 seconds to go in the game.

Woolever had fouled out with 2:49 showing on the clock. A siner, a 6-3 forward-center, the Braves, fouled out just after the first overtime began.

Danny Fausnaugh, scored all of Logan Elm's points in the first overtime, including a pressure packed foul shot that tied the score at 78-78 with four

seconds to go.

In the final overtime, the Plains jumped out to an 82-78 lead before Dale Hartley sank a pair of charity tosses.

Fausnaugh hit a bucket from the field with 46 seconds to play to pull the Braves within one point, 83-82, but The Plains went ahead by three with 29 seconds to play.

Hartley scored with 15 seconds to go in the game, the Braves got the ball on a turnover and fired one last desperation shot at the bucket, but it didn't go in.

Bandy, who fouled out in the second overtime period, was the game's leading scorer with 37 points.

DANNY FAUSNAUGH paced the Braves' attack with 25 points coming on ten shots from the field and five at the charity stripe.

Karshner notched 16 points and D. J. Humphrey 10 for the Braves. Royce Woolever pitched in nine points before leaving the game via the personal foul route. Danny Cooper and Danny Ankrom had eight points each, and Rod Riddle and Hartley scored four each.

The Braves made 33 of 68 shots in the game, a 48 per cent accuracy rate. They outscored the Blue Devils by six points from the field, but lost the game at the foul line where The Plains scored seven more points.

The Logan Elm reserves won the preliminary game, 54-39. The Braves' junior varsity is undefeated this year.

Friday, Logan Elm hosts Westfall in a non-conference game.

Horn Leads Packers, 28-27, Over Bears

By DICK COUCH
Associated Press Sports Writer
Don Horn started the day backing up Green Bay's back-up quarterback and wound up throwing the Chicago Bears for a total loss.

He had an unlikely band of packer-backers from Minnesota behind him all the way.
Horn, activated Saturday night by the Packers as standby for Zeke Bratkowski, Bart Starr's relief pitcher, came off the bench Sunday and keyed a 28-27 triumph over Chicago that knocked the Bears out of the National Football League championship picture.

Chicago's setback, coupled with Minnesota's 24-17 victory at Philadelphia, crowned the Vikings as champions of the Central Division.
But the Vikings, who followed the Green Bay-Chicago game via clubhouse radio after the finish of their game, had to sweat out a furious Bear charge in the final minutes before nailing their first division title in eight years as a NFL expansion franchise.

In Sunday's other regular season finales, Baltimore edged Los Angeles 28-24, Dallas thumped New York 28-10, Washington topped Detroit 14-3, San Francisco nipped Atlanta 14-12 and New Orleans trimmed Pittsburgh 24-14. St. Louis upended Cleveland 27-16 Saturday.

Dallas meets the Browns in Cleveland next Saturday for the Eastern Conference title and the Vikings and Colts collide at Baltimore the following day for the Western crown.
Horn, released from the Army just 10 days ago, entered the Packers-Bears scrap with Chicago leading 10-7 in the first quarter after Bratkowski, who had started in place of the injury-plagued Starr, was shaken up.

The 23-year-old San Diego State alumnus, Green Bay's No. 1 draft choice last year, uncorked a 67-yard touchdown pass to Jim Grabowski and then set up Chuck Mercein's one-yard scoring plunge with a 45-yard pass to Boyd Dowler as the Packers grabbed a 21-10 half-time lead.

Horn capped an 83-yard third quarter drive with a 25-yard TD strike to Dowler, boosting the margin to 28-10, before the Bears struck back.
Ronnie Bull's eight-yard touchdown run and Mac Percival's 26-yard field goal closed the gap to 28-20 and Dick Gordon grabbed a 51-yard TD pass from Jack Concannon with 3:58 remaining in the game. Percival's conversion left the Bears one point back.

The Packers, unable to move the ball after the kickoff, were forced to punt. Chicago stormed back to a first down on the Packer 43 with 1:19 to play, but Concannon was thrown for a five-yard loss, two passes failed and Ray Nilschke intercepted Concannon's desperate fourth down toss, sealing the Bears' fate.

Mustangs Win 6th Consecutive Game

The Westfall Mustangs trampled visiting Hamilton Twp. Saturday night, 84-36, for their sixth win of the season.

FOR Hamilton Twp., their main trouble was keeping the ball long enough to get a shot for they turned the ball over to the Mustangs 19 times during the game, giving up 24 points on the mistakes.

High man for Hamilton was Johnson, who hit three field goals and made one shot from the charity stripe for a total of seven points.

In the first quarter the Mustangs got the tip from the taller hosts and made two quick baskets before Hamilton had a chance to set up. That was the way the Mustangs went for the rest of the game. The Rangers found themselves ten points behind at the end of the first quarter, 16-6.

Westfall again took the tip for an easy basket in the second quarter and widened the lead. The Mustangs led by 19 points at the half, 35-16.

In the second half, it was the same story as both coaches began to substitute freely and Hamilton seemed never to have a chance. The third quarter came to a close with them trailing by 25 points, 58-23.

In the fourth quarter, the Mustangs took over Westfall, finishing off Hamilton by a 48 point margin, 84-36.

IN the reserve game, the Mustangs won 40-34.

The Mustangs play at Logan Elm Friday as they attempt to keep their string of wins growing against the Braves.

Teays Valley Drops Close Decision To GCHS, 70-66

The Teays Valley Vikings were edged by Grove City's Greyhounds Saturday night at Teays Valley, 70-66.

The Vikings led early in the tilt and were never far behind after the first period. Because of a fouling spree in the third and fourth quarters the Vikings were put at a disadvantage.

Teays Valley had 24 turnovers and hit on 25 of 59 shots from the field for 46 per cent. The Greyhounds had 22 turnovers and connected on 28 of 63 attempts for a 44 per cent average.

High man for the game was Walt Newman who hit 11 field goals and four free throws for a total of 26 points for Teays Valley.

THE Vikings, with a new found spirit, closed the margin and at one time in the last quarter took the lead back. But Teays Valley was unable to hold it from the tall and accurate Greyhounds. As the game came to a close the Vikings had a chance to take the lead on a free throw.

It went in and out. They fouled the visitors in a desperation move for the ball. The free throws were made by their opponents mistakes at tempted to close the gap but were unable to regain the lead before the period came to an end with Teays Valley losing, 54-47.

THE Vikings reserves won the preliminary game, 45-30. Bob Tucker scored 10 points to lead the TV javees to the win.

Logan Elm Edged In 2 Overtimes By Plains, 85-84

Logan Elm High School's basketball team was handed its second loss in a row Saturday, dropping a thrilling 85-84 double overtime verdict at The Plains of Mt. Sterling.

The Braves led for almost all of the game, at one time by as many as 14 points. But Mt. Sterling tied the game with 19 seconds to play in the Fourth quarter, led the Braves by two in the first overtime until Danny Fausnaugh tied the score with four seconds, and then won it in the second overtime.

The score at the end of the first quarter was 21-17. The Braves had jumped to a 5-0 lead at the beginning of the tilt and never fell behind, although the Blue Devils were able to deadlock the score at 10-10 and again at 15-15.

Royce Woolever, Logan Elm's 6-foot 9-inch giant, made his first appearance of the year just after the second quarter got underway.

THE Braves led for most of the second period, although the Blue Devils were ahead momentarily, 38-37, near the end. At halftime, the score was 41-40 with Logan Elm ahead.

In the first half, Logan Elm was 13 of 28 shots from the field, a 46 per cent average, and added 15 points at the foul line.

Mt. Sterling made 13 of 26 shots, a 40 per cent average, and converted 14 charity tosses.

The Braves opened the second half with an eight point scoring flurry and led, 49-41, before The Plains got on the score board.

Midway through the period Logan Elm gained a 14 point lead, 57-43. However, with Woolever and Dennis Karshner both in serious foul trouble, the Blue Devils began to close the gap.

The score at the end of the third quarter was 60-51.

THE Braves led in the fourth quarter until Gary Bandy tied the score at 73-73 with just 19 seconds to go in the game.

Woolever had fouled out with 7:49 showing on the clock, a siner, a 6-3 forward-center of the Braves, fouled out just after the first overtime began.

Danny Fausnaugh, scored all of Logan Elm's points in the first overtime, including a pressure packed foul shot that tied the score at 78-78 with four seconds to go.

In the final overtime, the Plains jumped out to an 82-78 lead before Dale Hartley sank a pair of charity tosses. Fausnaugh hit a bucket from the field with 40 seconds to play to pull the Braves within one point, 83-82, but The Plains went ahead by three with 29 seconds to play.

Hartley scored with 15 seconds to go in the game, the Braves got the ball on a turnover and fired one last desperation shot at the bucket, but it didn't go in.

Bandy, who fouled out in the second overtime period, was the game's leading scorer with 37 points.

SPORTS Highlights

SAN FRANCISCO (AP) — San Francisco Giants' first baseman Willie McCovey had no stomach for the hotdog-eating contest he judged during the weekend.

Big Willie nibbled on one hotdog during the hour long contest, won by Ted Koutsombos, an average-sized guy who ate 14.

Huge Dave Weill, bronze medal winner in the discus in the 1964 Olympic Games, ate nine and finished fifth.

BOSTON (AP) — Ken Harrelson, who cracked 35 homers en route to leading the American League with 109 runs batted in, is the Boston baseball writers' choice as the Red Sox' most valuable player in 1968.

Harrelson was named during the weekend to receive the John B. Gillooly Memorial Award at the writers' 30th annual dinner Jan. 30.

LOS ANGELES (AP) — A UCLA sophomore football center John Chrestman, seriously injured in the UCLA-Tennessee game, may be able to leave a Los Angeles hospital and go home for Christmas.

Chrestman was transferred to the UCLA Medical Center from a Knoxville, Tenn., hospital several weeks ago. His neck is still partly paralyzed but he is gradually regaining control, said Vic Kelley, UCLA sports publicist.

Kelley said, "He showed marked signs of progress in the last four or five days."

MURFREESBORO, Tenn. (AP) — Louisiana Tech hit Akron with a 21-point first period punch Saturday and rolled to a 33-13 victory over the Zips in the Grantland Rice Bowl.

Laurelville Wildcats Top Paint Valley In SVC Tilt

Laurelville stopped Paint Valley, 76-75, in a Scioto Valley Conference basketball game Saturday on the Bearcats' floor.

Mike Kneese, the Wildcats' hot-shooting guard, found the range for 32 points in the Saturday win. Kneese, who was held to 12 points at Unioto, canned 10 field goals and added 12 more points at the charity stripe for his season high.

Marty Unger pitched in 13 and Gerald Disbennett 12 for the Laurelville squad.

For Paint Valley, Wally Benner scored 21 points on eight field goals and five foul shots and Keith Shoemaker notched 19 on eight buckets from the field and three from the free throw line.

THE Wildcats led, 19-10, at the end of the first period and were never in serious trouble. The score at halftime was 38-27 and at the end of the third quarter, 55-38.

It was the third win in eight starts for Laurelville and the first victory in three SVC games.

Laurelville connected on 45 per cent of its field goal attempts. Paint Valley made 25 of 71 shots for a 32 per cent shooting average.

The teams pulled down 35 rebounds each. Disbennett had 10 rebounds for the Wildcats.

The Laurelville reserves won the preliminary game, 44-31.

Laurelville is one of the few area teams to play both Friday and Saturday nights this coming weekend.

Friday the Wildcats play at Berne Union and Saturday they are at Adena in an SVC game.

Ohio's North-South All-Star Teams, Coaches Chosen

COLUMBUS, Ohio (AP) — The top football players of Ohio high schools during the past season were singled out by the state's scholastic coaches Saturday to play in the annual North-South All-Star High School Football game next Aug. 8 in Canton.

Next year for the first time the all-star tilt will be played under the sanction of the Ohio High School Athletic Association. In past years it has had NCAA sanction.

Earlier in the coaches' meeting here the mentors had selected Ron Chismar of Canton McKinley High as coach for the North all-star squad. They named Tom Ballaban of Cincinnati St. Xavier as head coach of the South squad. These two coaches will name their assistants later.

Automatic selections for the North squad — players getting the highest votes — were Al Ludwikowski, Toledo Central Catholic, tackle; Postel Browning, Fostoria, back; Jim Coodie, Mayfield Heights, tackle; Dwayne Hill, Mansfield Senior, end; Dave Zoba, Western Reserve, quarterback; Doug Root, Cuyahoga Falls, back; John Brandberry, Canton McKinley, tackle, and Gary Zetts, Struthers, quarterback.

Other top selections for the North squad were: Ray Evan-chick, Cleveland St. Joseph, halfback; Doug Molls, Valley Forge, fullback; Tom Bohyer, Warren Harding, halfback; Jim Smith, Massillon, halfback; Bob Peppers, Toledo Whitmer, guard; Steve Rogers, Sandusky, guard; Bob Santangelo, Niles, guard; George Wutfield, Massillon, guard; Tim McManus, St. Edward, center; Bill Haines, Canton McKinley, center; Jim Svoboda, Lorain, end; Dwayne Derrick, Mentor, end; Jim Dash, Akron, end; Dave Pitt-

man, Struthers, tackle. North alternates include: Gary Sloan, Napoleon, quarterback; Doug Joyce, Bowling Green,

Mavericks Edge By N.Y. Nets, 105-103

By THE ASSOCIATED PRESS

Willie Somerset picked a dandy way to keep a 42-point scoring performance from going to waste in the American Basketball Association Sunday night.

He picked up his final two points on a hook shot with four seconds left to give the lowly Houston Mavericks a 105-103 victory over the New York Nets.

Meanwhile, Denver edged Los Angeles 113-110 in overtime and Kentucky routed Miami 123-102 in the day's other activity to gain ground on divisional leaders. Minnesota's home game with Indiana was postponed because of the death of Pacers' president John C. Devoe.

Somerset, whose last ditch goal broke a four-game losing streak by the Western Division's trailblazers, earlier had teamed with Dick Clark to lift Houston from behind in the third quarter. The Nets led 54-48 at half-time.

Walt Simon and Bobby Lloyd each scored 20 for the Nets, while Clark finished with 16.

Denver spotted Los Angeles a 14-point halftime lead, then rallied after intermission to produce a 99-99 deadlock at the end of regulation time.

It was tied 101-101 at the start of the extra session before the Rockets' Wayne Hightower connected on a jumper and rookie Walt Piatkowski followed with two goals to put Denver ahead for good.

quarterback; Jim Ferguson, Findlay, halfback; Don Pfeil, St. Ignace, quarterback; Paul Parker, Ashland, fullback; Steve Broderick, Mogadore, and Terry Gardner, Canton Catholic, quarterbacks; Bill Pittman, Struthers, halfback; Joe Lewis, East Palestine, halfback; Dennis Barnhardt, St. Ignace, Tim Walsh, Elyria; Larry Graf, St. Vincent; Bill Trumpeter, North Canton, all guards; Bruce Roberts, Toledo St. Francis, Doug Ebert, Fremont Ross and Mike McCreary, Warren Harding, all centers; Tim Wells, Toledo Star; Larry Young, Croy Rawson; John Shinsky, Cleveland St. Joseph; Gary Barnes, Benedictine;

In addition to these players, the all-star game director is to select two players, and the coaches four more.

The automatic, or top flight selections made for the South squad were: Steve Williams,

Ron Caldwell, Cuyahoga Falls; Dan Nutter, Jackson; Ray Poponyak, Austintown and Bob Ferrati, Youngstown; Eardman, all ends; and the following tackles — Bill White, Toledo St. Francis; Mike Smith, Bryan; John Czer-niski, Port Clinton; Mallory Stoudenmire, Cleveland; Cal Dietz, Shelby; Joe Savage, Wal-sworth; Fred Pisanelli, Warren Reserve; Gary Vujanov, Cuyahoga Falls, and John Fairless, Groff.

Other top selections for the South were: Halfbacks — Mike White, Portsmouth; Phil Simpson, Lima Senior; Joe Ratter-man, Cincinnati St. Xavier.

Guards — Dave Reed, Piqua; Larry Blanchard, Bel-laire; Ron Rutter, Logan; Carl Carson, Dayton Roosevelt. Cen-ters—Doug Gehring, Oak Hills.

Oakland Trips Chargers, Sparks Playoff AFL Clash

By ED SCHUYLER JR.

Associated Press Sportswriter

It was a bird, it was a plane. Well, for Oakland, it was a Bird — Roger Bird flying down the sideline with an intercepted pass to spark the Raiders into a playoff for the American Foot-ball League's Western Division title.

"That put us ahead and pepped us up," Coach John Rauch said Sunday of Bird's 22-yard touchdown run with the in-terception that put Oakland ahead of San Diego 17-13 and keyed the Raiders to a 34-27 vic-tory.

Oakland finished its regular season with a 12-2 record and in a first place tie in the West with Kansas City, which trounced Denver 30-7 Saturday.

After Bird's scoring theft of a John Hadl pass in the third pe-riod, Raider quarterback Daryle Lamonica hit Warren Wells with a 55-yard touchdown pass.

Then after a pair of field goals, San Diego's Dennis Patee, Lamonica threw a 33-yard scoring strike to Charlie Smith and George Blanda kicked a field goal to put the Raiders ahead 34-19.

San Diego then got back into the game when Ken Dyer recovered a fumbled punt by Oak-land's Nehemiah Wilson in the

end zone for a touchdown and Hadl passed to Lance Alworth for a two-point conversion.

Browns Eye Dallas Game

Collier Mum On 27-16 Loss

CLEVELAND, Ohio (AP) — The Cleveland Browns, preparing for the NFL's Eastern Con-ference title game here Saturday, have won eight spots on the East Pro Bowl team, it was learned Sunday night.

Five offensive players—tackle Dick Schafrath, guard Gene Hickerson, end Paul Warfield, halfback Leroy Kelly and tight end Milt Morin—were named to the honor team.

Ernie Kellermann, strongside safety, and cornerback Erich Barnes and tackle Walter John-son made it on defense.

Schafrath, Hickerson and Kelly are veterans of the team, which is picked by opposing coaches. Warfield is on for the second time after making it in his rookie season.

It is the initial showing on the squad for Morin who has de-veloped quickly at tight end. The Pro Bowl game will be played Jan. 19 at the Los An-geles Coliseum.

But the Browns have more important things on their minds —Saturday's showdown game with the Dallas Cowboys. And Coach Blanton Collier doesn't seem too interested in looking back to last Saturday's 27-16 defeat in St. Louis. He said Sun-day he hadn't decided whether he would even show the St. Louis game movie to the team today.

"It's just a question of whether it would serve any purpose," he said. "We are getting the film of Dallas in New York. We also have the movie of our first game against Dallas." (The Browns lost that one, 28-7.)

Cincy Reds Take Batting Crown In NL

CINCINNATI (AP) — Pete Rose, Cincinnati Reds' outfield-er, is the official National League 1968 batting champion, thus ending a four-year-old hold by the Pittsburgh Pirates on the hitting title.

But it was a Pirate who gave Rose his toughest battle. Rose finished with .335 in 149 games and Pittsburgh's Matty Alou was second with .332 in 146 games, according to official league averages released Satur-day.

Alou won the title in 1966 and Roberto Clemente of the Pirates did it in 1964, 1965 and 1967.

In addition to having a batting champion for the first time since 1938, the Reds also copped the team hitting title with an average of .273 to .252 for second place Pittsburgh. A pitching col-lapse, however, left the Reds in fourth place at the finish of the season.

Rose and Felipe Alou of the Atlanta Braves shared the lead in hits with 210 each.

Lou Brock of the St. Louis Cardinals and Willie McCovey of the San Francisco Giants were big winners in other cham-pionship categories.

Brock had 46 doubles, 14 tri-ples and 62 stolen bases, becom-ing the first player since Honus Wagner in 1908 to lead in those three categories.

McCovey topped the league in home runs with 36 and runs bat-ted in with 105. It was the lowest championship runs-batted-in to-tal since the league started compiling such records in 1920.

"Lyric" by
orange blossom

For the first time and just in time for you, diamond rings are blossoming into something as fresh and extraordinary as the feeling of being engaged. And not only does Orange Blossom guarantee the value of your diamond forever, they give you a lifetime of free professional cleaning and servicing, and a year's guarantee against loss, theft or damage.

The "Lyric," one of many exciting new designs, delicately cradled in 18K gold.

Boys Choir Holds First Performance

Sunday afternoon the Circleville Boys' Choir was heard in their first concert of the season. Attending the concert was approximately one hundred parents and friends.

The concert was given at the Pontious United Methodist Church on the Stoutsville Pike near Circleville.

The program consisted of many songs of the holiday season featuring many solo parts which had to be filled by various choir members for this program due to illness of the soloists selected earlier this month.

The concert ended with a "Medley of Christmas" which was arranged by the director, Paul M. Dunkle. This medley consisted of "Jingle Bells," "Winter Wonderland," "Rudolph," and "White Christmas."

For the last rehearsal before the holiday season, the choir will carol at three rest homes in the city.

should negotiate an early Vietnam ceasefire and troop withdrawals, leaving the political settlement to Saigon, Hanoi and the Viet Cong.

"I have no idea that we should maintain 540,000 (American) men there fighting," Clifford said Sunday, "while we wait for Saigon and Hanoi to come to some political settlement."

Clifford also said a possible new enemy offensive in South Vietnam would not wreck the Paris peace talks, noting President Johnson had foreseen "hard bargaining and hard fighting ahead."

The defense secretary was interviewed on the CBS radio-television program "Face the Nation."

He suggested the U.S. role at the Paris talks should be limited to military matters and the more time-consuming political settlement should be left to the

Swim Team Held In Theft

CHARLESTON, W.Va. (AP)—Charleston police say bond is being arranged for four members of Marshall University's swimming team arrested Sunday on charges of burglarizing Embees, a downtown women's and children's store.

Authorities said charges also were pending against the four for the breaking and entering of Cohen's Drugstore in South Charleston. A patrolman spotted the four youths on the roof of Cohen's early Sunday morning.

Police also said the youths told them about the burglary of a department store in Ashland, Ky., last Monday.

Arrested were Daniel Rawn Jr., 18, of Chattanooga, Tenn.; Ralph Gardner, 18, of Cincinnati, Ohio; David Hall, 19, of Lakewood, Ohio; and Alan Winegardner, 18, of Newark, Ohio.

Authorities said they found about \$325 worth of merchandise from Embees in the youths' car.

Woman Found Dead

Vietnamese, including the Viet Cong's National Liberation Front.

"Now, I say that the political settlement is a matter between Saigon and Hanoi and the NLF," Clifford said. "Our military problem involves North Vietnam... I say the military settlement should come first."

The secretary expressed repeated annoyance with the prolonged dispute at Paris over seating of the four delegations. He said the squabbling is between Hanoi and Saigon, not involving the United States.

"I would like to get going at the Paris conference," he said. "I would like to start getting our troops out of there. I would like to see a ceasefire."

There is some indication the enemy may decide this month or next to launch a new "winter offensive" in the South, Clifford said.

ROTC Patrols Kansas State University

By THE ASSOCIATED PRESS
Uniformed ROTC students patrolled Kansas State University for a second night Sunday while California's College of San Mateo was ordered reopened "as an armed camp."

The Kansas fire marshal Arthur Ramey, said a blaze which destroyed Nichols Gymnasium at Kansas State Friday had been "a set fire." He also confirmed that an ROTC guard had scared off someone apparently pouring a liquid at the base of Farrell Library early Sunday.

A foreign substance found there was being analyzed.

The patrols were ordered at the Manhattan, Kan., campus after the four-hour gym fire. Officials said a threat was made Thursday night to burn the university unless students were given more say about university policy. Two other arson threats have been received by university personnel.

At San Mateo, the two-year school was ordered reopened today following a rampage Friday by about 150 students, mostly Negroes.

A sizable police force has been given instructions to bar from the campus anyone without proper identification. Declaring that "a firm stand must be taken," college President Robert L. Ewigleben said the school would be "an armed camp."

Friday's violence, which left a dozen persons injured and caused \$5,000 damage, followed a rally in support of the student strike at San Francisco State, which was closed for the holidays because of the student disorders.

San Francisco State's trustees have agreed to hear grievances of American Federation of Teachers Local 1352, which had threatened to strike Jan. 6 unless "meaningful negotiations" begin.

The union is demanding better working conditions, more campus autonomy, and resolution of student problems.
